

**Multi-State Plan Program**  
External Review Intake Form

**Instructions**

If you are enrolled in a Multi-State Plan (MSP) option and your claim has been denied by your insurance company, you may use this form to ask the U.S. Office of Personnel Management (OPM) to independently review that denial. This process is called External Review and is free of charge to all enrollees.

Upon request, OPM will review whether your insurance company's denial was justified by examining the terms of coverage and the specific circumstances surrounding the denial. If medical expertise is needed for review of a denial, OPM will seek the opinion of a contracted Independent Review Organization (IRO). In most cases, OPM will communicate a decision within 30 days.

Except in certain circumstances, you will have to exhaust whatever appeal process your insurance company provides before you can ask OPM for External Review. If your insurance company has not responded to your request for an appeal generally within 30 days, or if you are denied emergency services, or if your doctor has determined that the denial of care would seriously jeopardize your life or jeopardize your ability to regain maximum function, you may be able to request External Review without first exhausting your insurance company's appeal process. In that case, OPM generally will communicate a decision within 72 hours.

To file a request for External Review

- 1) Complete this External Review Intake Form and, if applicable, the Authorized Representative Form (see below for more information about authorized representatives).
- 2) Submit them to OPM via email at [mspp@opm.gov](mailto:mspp@opm.gov) or via fax at (202) 606-0033, or mail them to OPM at:

MSP Program External Review  
National Healthcare Operations  
U.S. Office of Personnel Management  
1900 E Street, NW  
Washington, DC 20415

- 3) You may call OPM toll free at (855) 318-0714 if you need help with your request for External Review.

The following documents and information will help you complete the External Review Intake Form:

- The letter from your insurance company stating that the company has denied your appeal. This may not be required if you are requesting External Review for emergency services or if your doctor has determined that the denial of care would seriously jeopardize your life or jeopardize your ability to regain maximum function.
- Identification number and plan name located on insurance identification card.
- Physician or other health care provider's contact information, including name, phone number, and address (address is optional).
- Any "explanation of benefits" (EOB) you may have received from your insurance company or other medical documents related to the denial you are appealing.

You may be asked submit copies of these documents. When OPM has accepted your request for external review, you will be notified that you will have twenty (20) days to submit any relevant information that you believe supports your claim. OPM will consider that information together with other information it receives from your insurance company and other sources, and this will be the complete record upon which your claim will be decided.

Authorized Representative:

- You may appoint a representative to handle all matters related to your request for External Review by completing the Authorized Representative Form. The form is available from the MSP website at <http://www.opm.gov/healthcare-insurance/multi-state-plan-program/external-review>. The patient and the patient's authorized representative must together sign and submit a single Authorized Representative Form. If a legal representative other than the parent of a minor will complete the Authorized Representative Form on behalf of the patient, the legal representative must also provide proof of his or her legal representation (for example, a power of attorney instrument or proof of guardianship).

## Privacy Act Statement

In order to conduct an external review of your denied claim, the U.S. Office of Personnel Management (OPM) requires you to submit this form. Provision of this information is voluntary, but if you omit information that is necessary to decide your external review it is possible that your external review may not be conducted or may be decided adversely.

OPM will use your information to determine whether you are eligible for external review, to conduct your external review, to provide you or your insurer with a record of the external review, and for general management of the external review system, including OPM's tracking and reporting on the external review system. Other possible routine uses of your records include the following:

- Disclosure to agency contractors, such as Independent Review Organizations, for the purpose of conducting external review;
- Responses to congressional inquiries initiated by you;
- Investigations of potential violations of law, and judicial or administrative proceedings to which the Federal Government is a party (the information may be provided to another agency, a court, an administrative body, or to the Department of Justice, when the information is arguably relevant to the proceeding);
- Investigations of data breaches and responses to data breaches;
- Disclosure to the National Archives and Records Administration (NARA) or the General Services Administration (GSA) for records management purposes;
- Disclosure to program and policy staff within OPM for statistical and analytical studies or to assist in formulating health program changes; and
- Disclosure to researchers inside and outside of the Federal Government, approved in advance by OPM on the basis of demonstrated aptitude and a written research plan, conducting research on insurance trends and topical issues.

OPM has the authority to administer the Multi-State Plan Program under section 1334 of the Affordable Care Act (42 U.S.C. 18054).

Your Social Security Number (SSN) may be disclosed to OPM on some of the documents that you, your health care provider, or your insurance plan may submit as part of an appeal to OPM. OPM will send a copy of any information you send to OPM to the health insurance issuer that is involved in the relevant dispute. This may include documents containing your SSN. OPM may need your SSN to identify your unique records as authorized by Executive Order 9397. Although disclosure of your SSN is not mandatory, your failure to disclose it when requested by OPM may prevent or delay the review.
