Complete and return this form if your allowable earnings were more than \$15,720 or if your FERS Annuity Supplement was reduced in a previous year.

The annuity supplement part of your FERS benefit is subject to an earnings test similar to the one applied to social security benefits and uses the same exempt amount, as required by law in 5 U.S.C. Section 8421a. Your annuity supplement will be reduced \$1.00 for every \$2.00 by which you exceed the exempt amount (\$15,720 for 2016). By law, this reduction is effective July 1, 2017. We apply the test only to earnings you received in 2016 *after retirement* and after you reach the Minimum Retirement Age (MRA). The exempt amount for 2017 is \$16,920.

Please answer the following questions and return this survey form before May 15, 2017, or as soon as you know the exact amount of your allowable earnings.

1. Is your annuity supplement currently reduced because you reported excess earnings in a previous year? (Darken only one oval.)

 - No (Please continue to question 2.)

2. Did you have any earnings in 2016 *after retirement*? (Darken only one oval.)
