

## Schedule PC-B

NOTE: The amount of notes payable to special-purpose subsidiaries that have issued trust preferred securities reported in this item should also be included as part of the total amount reported in Schedule PC, item 18(b), "Bal-

ance due to nonbank subsidiaries," and item 5(b) above. See the instructions for Schedule PC, item 18(b), and item 5(b) above.

**Line Item 17 Total nonbank assets of a holding company that is subject to the Federal Reserve Board's capital plan rule.**

A top-tier holding company that is subject to the Board's capital plan rule is required to report the average dollar amount for the calendar quarter (as calculated on either a daily, weekly, or monthly basis during the calendar quarter) of its total nonbank assets of consolidated nonbank subsidiaries, whether held directly or indirectly or held through lower-tier holding companies, and its direct investments in unconsolidated nonbank subsidiaries, associated nonbank companies, and those nonbank corporate joint ventures over which the bank holding company exercises significant influence (collectively, "nonbank companies").

For purposes of the FR Y-9LP, (i) a subsidiary is a company in which the reporting bank holding company directly or indirectly owns more than 50 percent of the outstanding voting stock; (ii) an associated company is a corporation in which the reporting bank holding company, directly or indirectly, owns 20 to 50 percent of the outstanding voting stock and over which the reporting bank holding company exercises significant influence; and (iii) a corporate joint venture is a corporation owned and operated by a group of companies, no one of which has a majority interest, as a separate and specific business or project for the mutual benefit of that group of companies.

Nonbank companies, for purposes of this measure, would exclude (i) all national banks, state member banks, state nonmember insured banks (including insured industrial banks), federal savings associations, federal savings banks, thrift institutions (collectively for purposes of this item 17, "depository institutions") and (ii) except for an Edge or Agreement Corporation designated as "Nonbanking" in the box on the front page of the Consolidated Report of Condition and Income for Edge and Agreement Corporations (FR 2886b), any subsidiary of a depository institution (for purposes of this item 17, "depository institution subsidiary"). This item also includes the value of an investment in an unconsolidated nonbank company that is held directly by the holding company.

All intercompany assets and operating revenue among the nonbank companies should be eliminated, but assets and operating revenue with the reporting holding company; any depository institution; any depository institution subsidiary; and for a reporting holding company that is a subsidiary of a foreign banking organization, any branch or agency of the foreign banking organization or any non-U.S. subsidiary, non-U.S. associated company, or non-U.S. corporate joint venture of the foreign banking organization that is not held through the reporting holding company, should be included. For example, eliminate the loans made by one nonbank company to a second nonbank company, but do not eliminate loans made by one nonbank company to the parent holding company; depository institution; depository institution subsidiary; or for a reporting holding company that is a subsidiary of a foreign banking organization, any branch or agency of the foreign banking organization or any non-U.S. subsidiary, non-U.S. associated company, or non-U.S. corporate joint venture of the foreign banking organization that is not held through the reporting holding company.
