Please make corrections to name, address and ZIP Code, if necessary.

The information you provide will be used for statistical purposes only. In accordance with the Confidential Information Protection provisions of Title V, Subtitle A, Public Law 107-347 and other applicable Federal laws, your responses will be kept confidential and will not be disclosed in identifiable form to anyone other than employees or agents. By law, every employee and agent has taken an oath and is subject to a jail term, a fine, or both if he or she willfully discloses ANY identifiable information about you or your operation. Response is **voluntary**.

According to the Paperwork Reduction Act of 1995, an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 0535-0039. The time required to complete this information collection is estimated to average 10 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information.

1. Please report acres of bearing age trees, total production last season, and expected production and yield this season. (Include production for **fresh market and processing** in the totals.)

	Current Acres of Bearing Age Trees	Estimated Production This Season (2015 –2016)	OR	Estimated Yield This Season (2015 –2016)
	Acres	Tons		Tons/Acre
a. Grapefruit.	400	402		403
b. Oranges:				
(i) Navel Early & Mid–Season.	420	422		423
(ii) Valencia.	430	432		433
c. Tangerines.	450	452		453

CONDITION OF THE 2015 – 2016 CITRUS CROP

2. Please report the condition (expected production) of grapefruit and orange groves now, as compared with prospects for a full crop. Let 100 percent represent a full crop you would expect if there was no damage from unfavorable weather, insects, disease, etc.

a. Grapefruit.	404	%
b. Oranges.	414	%
