- 2. Take the form to a notary public and sign it in front of them.**
Most banks have a notary available at no charge for their customers.
- 3. Send the notarized form to NPDB.**
 - Scan all pages of the notarized form. Save the files as a .gif, .jpg, .pdf, or .png.
 - Be sure all images are clearly readable including the notary seal. If the seal is white and embossed, lightly shade over the seal with a pencil so it is visible.
 - Upload your files using "drag and drop" or select [browse for files](#) to choose files from your computer.
 - The NPDB automatically receives your files after they are uploaded.

[Print Identity Verification](#)[View Your Order](#)[Edit Your Order Form](#)Drag and drop to upload or [browse for files](#)

If you cannot upload your files mail all pages of the original notarized document to NPDB. The address is printed on the first page of the form. Allow 7 business days for the NPDB to receive your form if you send it by first class U.S. mail and 2 business days if you use an overnight delivery service. Due to security requirements, we cannot accept documents through fax or email.

4. Check your email.

Self-Query documents are processed in the order they are received. Allow 2 business days for the NPDB to process your order after documents are received, either electronically or by mail delivery. NPDB sends you an email when processing is complete and your results are ready. You can view your results online.

Paper copies are only sent by first-class U.S. mail. Overnight delivery is **not** available.

When your envelope arrives, do not open it if you are sending your self-query to an organization such as a licensing board. Most organizations reject self-query responses if the envelope seal is broken.
