2014 (old version)	2017 (new version)	Type of Change	Reason for Change	Burden Change
Provider Information	Made Services_Mobility; Sedation; and Services_Intellectual_Disability fields optional.	Rev	Made information about accommodations for beneficiaries with special needs optional because it was not readily available to States.	Yes. Slightly decreases the burden to users (see Supporting Statement Part A #15).
Benefits Information	Fields added to benefits survey: (Diagnostic) Oral health screening or assessment, Assessment of risk for tooth decay; (Treatment) Anti-microbial treatments that stop decay from spreading.	Add	Added three fields to the dental benefits survey to reflect changes in the field since 2014, including oral health screenings that may be provided by a dental hygienist or a physician, and the spread of new methods for arresting tooth decay.	Yes. Slightly increases the data collection burden to users. (see Supporting Statement Part A #15).
Data Validation rules	Data submission files that contain more than 5% of duplicate data are now rejected. Requires users to input a Program Type (Medicaid or CHIP).	Rev	Supports the continuous effort to improve data quality in IKN by rejecting submissions with significant levels of duplicate data, or where a Program Type (Medicaid or CHIP) is not indicated.	Yes. May increase the burden of uploading data into IKN if the data submitted does not meet the data quality standards. (see Supporting Statement Part A #15).
Security Policy	Updated security policy to require more secure passwords, and disable accounts where users have not logged in within a 90-day period. Allows State administrators to remove managed care organizations/contractors.	Rev	Upgrades to site security to meet current data security standard. Because users are required to submit provider data quarterly, the requirement to log in at least once in a 90-day period should not constitute any additional burden.	No.
IKN Technical Guidance document	Revised structure of IKN Technical Guidance Document, and made minor editorial changes,	Rev	Made editorial revisions to clarify some points of confusion (e.g., combined uses of "Program Name" and "Health Plan Name" into "Coverage Plan Name"), and instructed users to upgrade IKN Client Tool to latest version	No
