
SUPPORTING STATEMENT FOR PAPERWORK REDUCTION ACT SUBMISSIONS

A. Justification

A1. Need for Information Collection

The Corporation for National and Community Service (CNCS) awards grants and other resources to states, institutions of higher education, non-profit organizations, Indian tribes, and U.S. Territories to operate AmeriCorps State, AmeriCorps National, AmeriCorps NCCC, AmeriCorps VISTA, and Senior Corps programs. This information collection comprises the questions organizations answer to apply to become AmeriCorps VISTA project sponsors.

A2. Indicate how, by whom, and for what purpose the information is to be used.

Organizations respond to the questions in the Concept Paper in order to apply to become AmeriCorps VISTA project sponsors. If the Concept Paper is accepted, the organizations are asked to complete the full Application, including a budget. If approved, the organization will be able to place AmeriCorps VISTA members and in limited cases, receive cash grants.

A3. Minimize Burden: Use of Improved Technology to Reduce Burden

CNCS will be eliciting and accepting grantees response to these questions electronically via the eGrants system, CNCS' secure online grants management system. If applicants are unable to apply on-line, they can complete the information off-line and have it entered into eGrants on their behalf.

A4. Non-Duplication

There are no other sources of information by which CNCS can meet the purposes described in A2 (above).

A5. Minimizing for economic burden for small businesses or other small entities.

This collection of information does not impact small businesses because they are not eligible to apply for grants or other resources. There is no economic burden to any other small entities beyond the cost of staff time to plan their project and complete the forms. This is minimized to the degree possible by only asking for the information absolutely necessary to determine the suitability of the proposed project per the AmeriCorps VISTA programming guidance and regulations.

A6. Consequences of the collection if not conducted, conducted less frequently, as well as any technical or legal obstacles to reducing burden.

CNCS will be unable to accept applications from organizations interested in becoming AmeriCorps VISTA sponsors without approval of this collection.

A7. Special circumstances that would cause information collection to be collected in a manner requiring respondents to report more often than quarterly; report in fewer than 30 days after receipt of the request; submit more than an original and two copies; retain records for more than three years; and other ways specified in the Instructions focused on statistical methods, confidentially, and proprietary trade secrets.

There are no special circumstances that would require the collection of information in any other ways specified.

A8. Provide copy and identify the date and page number of publication in the Federal Register of the Agency's notice. Summarize comments received and actions taken in response to comments. Specifically address comments received on cost and hour burden.

The 60 day *Notice* soliciting comments was published on Friday, March 8, 2013 on page 15000. No comments were received.

A9. Payment to Respondents

There are no payments or gifts to respondents
