

**U.S. PACIFIC  
HIGHLY MIGRATORY SPECIES  
HOOK AND LINE LOGBOOK**

**U.S. NATIONAL MARINE FISHERIES SERVICE**

**(Twelfth Edition, March 2017)**

## INSTRUCTIONS FOR COMPLETING THE LOGBOOK FORM

Complete one line of the daily catch section for each day's fishing. Do not combine multiple trips on a single logbook page. Complete each column on the form by circling the appropriate selection or entering the appropriate information. Seven days of fishing can be recorded on each log sheet. **INSERT THE FOLDED FLAP OF THE BACK COVER UNDER THE YELLOW COPY OF THE SHEET BEING WRITTEN ON.** This will prevent the entries from being transferred to the underlying sheets. Sign and date each sheet that is submitted.

### TOP OF THE PAGE

Enter the Vessel Name, Coast Guard Document Number or State Marine Board Number, Captain's Name, Departure and Arrival Ports, Port where catch was landed, Departure and Arrival Dates, Total Pounds Landed per trip including all fish sold and those kept for personal use. Also record all landing receipt numbers from all sales.

### DAILY FISHING SECTIONS

1. **DATE:** Enter the date of fishing.
2. **FISHING CODE:** Circle the appropriate code number identifying the vessel's major activity during the day.
3. **LOCATION (LAT/LONG):** Enter the location (to the nearest minute) where most of the fish were caught.
4. **TARGETCATCH:**
  - SPECIES NAME:** Circle the species name or enter the name of other species that were targeted.
  - NUMBER KEPT:** Enter the total number of the indicated species caught and kept for the day. Enter 0 if no fish were caught and kept.
  - DISCARD NUMBERS:** Enter the total number of the indicated species discarded (dead or alive) for the day.
5. **HRS FISHED:** Enter the total number of hours (to the nearest whole hour) that fishing occurred during the day.
6. **BYCATCH:** Enter the species name, number kept and number discarded of species other than the target species that were caught for the day
7. **COMMENTS:** Record any observations related to fishing activities such as number of gill net vessels seen during the day, percentage or numbers of catch that had gill net scars, movement of fish, type of feed, water color, bird flocks, temperature "edges" or "fronts", etc.
8. **SIGNATURE:** Sign and date each page.

## **SUBMITTING LOGBOOKS**

This logbook is mandatory for all U.S. vessels using troll gear to fish for highly migratory species. Vessels are required to submit original (white forms) within 30 days after each trip to the following address:

**National Marine Fisheries Service  
Southwest Fisheries Science Center  
8901 La Jolla Shores Dr.  
La Jolla, CA 92037**

**ALL INFORMATION RECEIVED FROM YOU WILL BE KEPT CONFIDENTIAL**

INSERT THIS FLAP UNDER YELLOW COPY

The National Marine Fisheries Service (NMFS) is collecting this information in support of its implementation of the Magnuson-Stevens Fishery Management and Conservation Act, the High-Seas Fishing Compliance Act (HSFCA), and the Fisheries Management Plan for Highly Migratory Species. The information will be used by NMFS to assess the status of Pacific highly migratory species stocks and monitor the fisheries. It will also be used by U.S. negotiators in international and domestic forums to develop policy for the continued harvesting of Pacific highly migratory species. Response is mandatory. The information submitted will be treated confidentially in accordance with NOAA Administrative Orders. The burden for completing a logbook for a fishing trip of 30 days is estimated at 1 hour above that of logbooks kept for normal business practice. This estimate includes the time for reviewing the instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Notwithstanding any other provision of the law, no person is required to respond to, nor shall any person be subject to a penalty for failure to comply with, a collection of information subject to the requirements of the Paperwork Reduction Act, unless that collection of information displays a currently valid OMB Control Number.
