

National Cancer Institute
Central IRB Initiative

4 - Study Closure or Transfer of Study Review Resp. -- General Information

OMB Text

Add Note

OMB#: 0925 - 0753

Expiry Date: 6/30/2020

STATEMENT OF CONFIDENTIALITY

The purpose of the information collection is to conduct reviews of clinical trial studies. NCI guidelines mandate the participation of institutions in the CIRB for Network group studies. You are being requested to complete this instrument so that we can conduct activities involved with the operations of the NCI CIRB Initiative. Although your participation in Network group research and completion of the forms is voluntary, if you wish to participate in the CIRB, you must complete all questions on the form. The information you provide will be combined for all participants and reported as summaries. It will be kept private to the extent provided by law.

NOTIFICATION TO RESPONDENT OF ESTIMATED BURDEN

Public reporting burden for this collection of information is estimated to average 20 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. **An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.** Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to: NIH, Project Clearance Branch, 6705 Rockledge Drive, MSC 7974, Bethesda, MD 20892-7974, ATTN: PRA (0925-0625*). Do not return the completed form to this address.

Study Closure or Transfer of Study IRB Review Responsibility

Add Note

Which action are you requesting for this study?

(Required)

- Study Closure
 Transfer of Study IRB Review Responsibility from the CIRB to another IRB

Site Reviewer

Add Note

No answer provided.

REMINDER: If this study is open at Component and/or Affiliate Institutions, submission of this Study Closure Form closes the study at all institutions. Add Note

In order to be closed, the following three conditions must be met. Check the boxes below to indicate to the CIRB that each condition is met:

(Required)

- The study is closed to accrual at the Signatory Institution and all Component and/or Affiliate Institutions relying on the Signatory Institution for this study.
 All study participants on this study have completed study intervention(s) and follow-up activities OR no study participants were enrolled.
 There will be no further research activities for this study (this includes recruitment, enrollment, data collection, data analysis, data submission, etc.).

The study remains open until the letter is sent from the CIRB confirming study closure.

No answer provided.

Transfer of Study IRB Review Responsibility from the CIRB to Another IRB

[Add Note](#)

To transfer study review responsibility, the IRB accepting review must have approved the study before transfer so there is no lapse in IRB oversight of the study. Provide a copy of the full board IRB approval letter for this study.

Attach the IRB approval letter here.

(Required)

[Add Attachment](#)

The study remains open until the letter is sent from the CIRB confirming the transfer of study IRB review responsibilities from the CIRB to the other IRB.
