Create In-Training Educational Program   ✕

"In Training Education Program" represents the complete educational experience for the
trainee at your institution. Note this does NOT refer to the training grant to which the
trainee is appointed. (The appointment data is tracked in xTrain and displayed in the
IMPAC II training info box at the top righthand corner of this screen). Programs listed in
the "In Training Education Program" are needed to populate NRSA Table 5 (Training
Period) Table 6 (Years in program), and Table 12 (Start year).

Please list all the degrees, certificates, or training that the trainee will complete while
supported by the training program. For example if the trainee is appointed to a PREDOC
position enter the Doctoral Program education information here (FYI this is needed for
Table 12). If the trainee is a POSTDOC enter the expected/actual information about the
entire doctoral program.
