DEBRIEF WRAP-UP	

PROTOCOL FOR WELCOMING PARTICIPANTS

1. CHECK IN EACH PARTICIPANT

- NOTE TIME IN IF ANYONE LATE
- HAND OUT SURVEY PACKET, INSTRUCT THEM TO PLEASE WAIT TO OPEN THEM
- ONCE EVERYONE HAS ARRIVED, START THE GROUP INTRODUCTION

2. GROUP INTRODUCTION: Thanks for helping us out today by sharing your opinions about our survey. My name is [NAME], and these are my colleagues, [NAMES]. We work for a company called Mathematica. Mathematica is conducting a national survey, sponsored by the U.S. Department of Health and Human Services to learn more about the views of teens age 14-18, young adults age 19-24, and parents of teens on teen sexual risk behaviors, as well as opinions and experiences about sex education.

We're here today because we want to test out the parent survey with you. You can help us make sure the questions are clear, and to get a sense of how long it takes to complete the survey. Your feedback will help us improve the questions we ask and the instructions we provide to people who participate in the study. We consider each of you an expert in how well our survey works for people your age and thank you again for your help.

OVERVIEW OF DAY: The pretest will take about 2 hours total today. The first step will be for you to fill out the actual survey.

When you're done, we'd like to take a look at your survey to see if you marked anything as confusing. That way we can ask for your feedback to make the survey better. We'll ask for your feedback in a small group for about 75 minutes, asking you particular questions about how easy the survey was to understand and fill out. While we will review your answers to see if you had any notes about questions, we will NOT specifically ask you to reveal any of your answers to anyone in the group.

We will be checking the time a lot today because one of our goals in running this pretest is to determine how long the different steps take. Please don't let our checking the time make you feel rushed or under any pressure. Please take all the time you need to complete the survey.

3. Before you begin the survey, I need to tell you that your participation is completely voluntary and, I'd like to be sure you are aware of a few things before we begin.

- i. First, you can skip any question you do not want to answer in the survey and you can decide not to answer any question during our discussion afterwards.
- ii. Second, your responses will not be shared with anyone outside of the study team.
- iii. Third, when we write about what we learned from you today we will NOT use your name with any of the information you provide in the survey or in our discussion.

We will be recording the group discussion and will be taking notes as a back-up. This is to ensure that we remember all of your thoughts and ideas when we make improvements to the survey. As a reminder, we will not share this recording with anyone unrelated to the project, and will destroy it once the study is finished.

Does anyone have any questions at this point?

4. USE SCRIPTED INTRODUCTION:

Now, please take the survey out of the packet. Do not begin until we tell you to. On the front page we will ask you to record the time that you begin the survey. When you are done, please raise your hand and someone from the team will come around to mark your completion time and collect the completed survey. Throughout the survey we ask questions specific to “your child”. Please think about the child who is here completing the pretest today as you fill out the survey.

As you fill out the survey, please use the highlighter or pen to mark any words that you do not understand or that seem out of date. If you think using different words in a question would make it less confusing or more relatable, please write that down.

In the margins, please also leave us notes about:

- Any questions you thought were confusing.
- Anything you want to ask about how to answer a question.

When we collect your survey, we will briefly look at them to see if we should ask some questions during the discussion. We won't focus on your answers to individual questions. We will give your surveys back to you after we are done so that you can have them for the discussion.

We will wait until everyone completes to begin the small group discussion. If you finish before others, you can use the time to use the restroom or take a break.

You may notice that the question numbering is out of order. That was intentional, so you do not have to worry about that as you complete the survey.

This survey will later be programmed as a web survey. There are several questions that will only get asked based on answers given at prior questions and this will happen automatically in the programming of the survey. Since this pretest is on paper and we don't have the benefit of having the computer skip us automatically, we have tried to show these skips in red text at the start of some of the questions. If the red text at the start of the question fits your prior responses, you should answer the question. Otherwise, you should leave the question blank and go to the next question.

Do you have any questions before we begin?

Okay, it is [TIME]. Please write that on the front cover and start.

5. HAVE PARTICIPANTS BEGIN. TIME HOW LONG IT TAKES EACH PARTICIPANT TO FINISH THE SURVEY, WRITING THE FINISH TIME ON THE FRONT COVER.
6. WHEN PARTICIPANT IS DONE WITH SURVEY, WRITE FINISH TIME ON THE FRONT COVER. COLLECT PACKET.

ASK THE RESPONDENTS FOR THEIR SURVEYS SO YOU CAN REVIEW AND RECORD COMMENTS ON THE DEBRIEF GUIDE BELOW. NOTE ANY QUESTIONS THEY MARKED/COMMENTED ON AND ANY QUESTIONS THEY LEFT BLANK THAT SHOULD HAVE BEEN ANSWERED. WHEN YOU ARE DONE, GATHER THE GROUP BACK TOGETHER AND RETURN THEIR COPIES OF THE SURVEY (JUST FOR DEBRIEF).

7. TIME DEBRIEFING. WRITE START AND FINISH TIME ON THE FRONT COVER OF THIS DEBRIEFING GUIDE, WITH DATE AND SESSION TIME. DO NOT GO OVER TIME.

BEGIN DISCUSSION.

- a. Some of the topics we talk about today may be things you don't talk about a lot with your friends or family. If we ask anything that you don't want to answer or that makes you feel uncomfortable – please just let me know and we can skip that question.
- b. I will use the copy I made with notes from your surveys as a reference for the rest of our time today. Please know we are not concerned about your personal answers to the survey questions. As we go through specific questions, if you feel that you have to reveal your response in order to answer, and you do not feel comfortable doing so, you do not have to answer the question. My goal for today is to get your feedback on how these questions were worded and what your thought process was when you answered these questions, not what your actual answers were.

c. Do you have any questions before we begin?

SURVEY DEBRIEFING QUESTIONS

We are now going to walk through section by section. I have specific questions, but please let me know as we are going through if there were questions that you had or feedback on a particular item.

Before we begin, what were your overall thoughts on the survey?

Did anything stick out to you in particular?

r. Reasons for not having sex as a teen	1 <input type="radio"/>	2 <input type="radio"/>	3 <input type="radio"/>	4 <input type="radio"/>

We list a lot of topics here. What were your thoughts as you read through the list?

How easy or difficult was it to pick an answer while you thought about the last 12 months?

Do you think it would be easier or harder to answer this question if we asked about the last 3 months instead of the last 12 months?

To you what does “the last 12 months” mean? What does “the last 3 months” mean?

Now let’s look at option j. What comes to mind with the term “good romantic relationship”?

- How about “healthy romantic relationship”?
- In what ways are those phrases similar or different?
- Which phrase do you think is easier or harder to understand? Why is that?
- Were any of things listed here confusing or you didn’t understand what it meant?

ONLY ANSWER FOR TOPICS THAT YOU HAVE DISCUSSED AT LEAST ONCE IN PAST 12 MONTHS (YOU SELECTED RARELY, SOMETIMES OR OFTEN IN ITEM ABOVE)

Debrief Wrap-up:

Please take a moment to look back through the survey. During our discussion we did not go over every question. Do you have any additional comments about questions we did not talk about? Did we miss anything in our discussion that you would like to mention now?

1. WHEN YOU ARE DONE WITH THE DISCUSSION, COLLECT ALL MATERIALS FROM THE PARTICIPANTS.
2. RETURN THE PARTICIPANTS TO THE MAIN MEETING PLACE. ENSURE THEY CHECK OUT WITH A STAFF MEMBER TO RECEIVE THEIR GIFT CARD. THANK THEM FOR THEIR TIME AND PARTICIPATION.
