### SECTION II. REPORTING REQUIREMENTS

Date:

The 50 States and the District of Columbia are required to complete the LIHEAP Grantee Survey in providing estimates of sources and uses of funds, average benefits, and the maximum income cutoff in dollars for a 4-person household as of 10/1/1x for each type of LIHEAP assistance provided in FFY 201x.

Additionally, the 50 states and the District of Columbia are required to complete the LIHEAP Performance Measurement Form. This Federal Report provides data on three required LIHEAP Performance Measures for Federal Fiscal Year (FFY) 201x, the period of October 1, 201x - September 30, 201x. The Report consists of the following sections: (1) Energy Burden Targeting, (2) Restoration of Home Energy Service, and (3) Prevention of Loss of Home Energy Service.

Timely response to questions on this report is mandatory. The information will be used to respond to Congressional inquiries, to calculate LIHEAP benefit targeting, and to provide Federal Fiscal Year data for the Department's annual LIHEAP Report to Congress that is required under Section 2610 of Public Law 967-35, as amended. The data are also used in measuring LIHEAP performance under the Government Performance and Results Act (GPRA) of 1993, as amended by the GPRA Modernization Act of 2010. As the reported data are aggregated, the information in this report is not considered to be confidential.
