The time required to complete this collection of information is estimated to average 5 minutes, including the time to review instructions, search existing data resources, gather the data needed and complete and review the collection of information. Send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to Mathematica Policy Research, 1100 1st Street, NE, 12th Floor, Washington, DC 20002, Attention: Tim Bruursema and reference the OMB Control Number 0970-XXXX.

INTRODUCTION

This survey is an important part of a larger study, Professional Development Tools to Improve the Quality of Infant and Toddler Care, supported under a contract from the U.S. Department of Health and Human Services, Administration for Children and Families to Mathematica Policy Research. The overall purpose of this study is to understand the use of the We Grow Together: The Q-CCIIT professional development system. We Grow Together aims to help caregivers in center-based and family child care interact with infants and toddlers in ways that promote positive outcomes for children. Participation in this project is voluntary.

This questionnaire asks about the ages of the children in your setting on the day of the observation and some questions about your child care setting. All information you share will remain private to the extent permitted by law. No one from your program will see or hear your individual responses, and your name will never be associated with or identified in study reports. The information we get will be used for research purposes.

Your answers are important to us, but completion of this survey is voluntary. Choosing not to respond to these questions will not affect your access to the We Grow Together resources. You do not have to answer questions you do not wish to answer, and none of the responses you provide will be reported back to program staff. This survey will take approximately 5 minutes to complete.

INSTRUCTIONS

Thank you for taking the time to complete these questions.
