INTRODUCTION

This measure lists questions that are used to collect data on website users and on how caregivers and professional development (PD) providers are implementing the web-based We Grow Together system.

The website will have pop-up questions asking caregivers and PD providers about their learning preferences, validating completion of the classroom observation and background survey, how long they spent reviewing tools outside of the website, how much time the caregivers spent using tools in the classroom, how long and how often the caregiver and PD provider met, how often they video-recorded themselves using the materials, and how often they reflected on the content of the videos.

INCLUDE INTRODUCTION ABOVE, STATEMENT BELOW AND OMB STATEMENT AT FIRST LOGIN AND EVERY 30 DAYS AFTER FIRST LOGIN

Thank you for taking the time to complete these questions.

- There are no right or wrong answers.
- Your responses to these questions will help us better understand your preferences and use of We Grow Together resources, so that we can recommend specific resources that might fit better with your preferences and try to improve your experience of the We Grow Together system.
- To answer a question, click the box to choose your response.
- To continue to the next webpage, press the "Next" or "Continue" button.
- Your participation is voluntary. Your answers are important to us, but you do not have to answer questions you do not wish to answer. Choosing not to respond to these questions will not affect your access to the We Grow Together resources.
- All information you share will remain private to the extent permitted by law. No one from your program will see or hear your individual responses, and your name will never be associated with or identified in study reports. The information we get will be used for research and educational purposes to make We Grow Together better.

Please click one of the buttons below to begin or exit the survey.
