

PRIVACY THRESHOLD ANALYSIS (PTA)

This form serves as the official determination by the DHS Privacy Office to identify the privacy compliance requirements for all Departmental uses of personally identifiable information (PII).

A Privacy Threshold Analysis (PTA) serves as the document used to identify information technology (IT) systems, information collections/forms, technologies, rulemakings, programs, information sharing arrangements, or pilot projects that involve PII and other activities that otherwise impact the privacy of individuals as determined by the Chief Privacy Officer, pursuant to Section 222 of the Homeland Security Act, and to assess whether there is a need for additional Privacy Compliance Documentation. A PTA includes a general description of the IT system, information collection, form, technology, rulemaking, program, pilot project, information sharing arrangement, or other Department activity and describes what PII is collected (and from whom) and how that information is used and managed.

Please complete the attached Privacy Threshold Analysis and submit it to your component Privacy Office. After review by your component Privacy Officer the PTA is sent to the Department's Senior Director for Privacy Compliance for action. If you do not have a component Privacy Office, please send the PTA to the DHS Privacy Office:

Senior Director, Privacy Compliance
The Privacy Office
U.S. Department of Homeland Security
Washington, DC 20528
Tel: 202-343-1717

PIA@hq.dhs.gov

Upon receipt from your component Privacy Office, the DHS Privacy Office will review this form and assess whether any privacy compliance documentation is required. If compliance documentation is required – such as Privacy Impact Assessment (PIA), System of Records Notice (SORN), Privacy Act Statement, or Computer Matching Agreement (CMA) – the DHS Privacy Office or component Privacy Office will send you a copy of the relevant compliance template to complete and return.

SPECIFIC IC/Forms PTA QUESTIONS

1. Purpose of the Information Collection or Form

The purpose of this form is to give students accepted to and attending the summer Academy Introduction Mission (AIM) program the ability to provide travel updates if they change their flights, arrival times, mode of transportation, or other information regarding travel to and from the AIM program.

This information is used to coordinate the travel of the student to and from the US Coast Guard Academy for the week long AIM program, a one-week summer orientation which allows select rising high school seniors to experience cadet life at the USCGA and is designed to recruit the future Officers of the US Coast Guard.

The authority to operate the United States Coast Guard Academy (USCGA) is contained in 14 USC 181. The regulation and administration of the USCGA is the responsibility of the Superintendent, subject to the direction of the Commandant of the Coast Guard under the general supervision of the Secretary of Homeland Security. One of the Superintendent's responsibilities is to ensure that eligible individuals from the public at large have every opportunity to visit and learn about the USCGA.

<p>USCG is submitting this PTA to discuss the Academy Introduction Mission (AIM) Travel Update Form, which is part of OMB control number 1625-0121. This information gathered from this form is used to coordinate the travel of the student to and from the week-long the summer Academy Introduction Mission (AIM) program, a one-week summer orientation which allows select rising high school seniors to experience cadet life at the academy and is designed to recruit the future officers of the U.S. Coast Guard. The form gives students accepted to attend the program the ability to provide travel updates if they change their flights, arrival times, mode of transportation, or other information regarding travel to and from the location in Connecticut. Students must be U.S. citizens to attend.</p> <p>The form collects name, phone number, arrival and departure mode, time, and confirmation details from the student, and name and phone number from the student’s driver, if applicable. The information from the form is stored in the Academy Information System (ACADIS), and retrieved by the student’s name. All information is destroyed immediately following the conclusion of the summer program.</p> <p>The DHS Privacy Office finds that PIA and SORN coverage are required for this information collection. PIA coverage for the collection of information about the driver of the student is provided by DHS/ALL/PIA-006 DHS General Contacts List, which outlines risks of DHS operations/projects that collect a minimal amount of contact information in order to distribute information and perform various other administrative tasks. PIA coverage for the information about the student is provided by DHS/USCG/PIA-013 Academy Information System (AIS), which describes the Academy information system (ACADIS) transactional database system that provides an information resource for the management</p>	

of the academy educational environment, including the training and development of all future Coast Guard officers.

SORN coverage is provided by DHS/USCG-014 Military Pay and Personnel and DHS/USCG-027 Recruiting Files.
