

FEMA NCP Questionnaire

OMB Control Number: 1660-0130

Expiration: 10/31/2021

Paperwork Burden Disclosure Notice

Public reporting burden for this data collection is estimated to average .5 hours per response. The burden estimate includes the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and submitting this form. This collection of information is required to obtain or retain benefits. You are not required to respond to this collection of information unless a valid OMB control number is displayed on this form. Send comments regarding the accuracy of the burden estimate and any suggestions for reducing the burden to: Information Collections Management, Department of Homeland Security, Federal Emergency Management Agency, 500 C Street, Washington, DC, 20472, Paperwork Reduction Project (1660-0130).

The Federal Emergency Management Agency (FEMA) has developed this questionnaire to identify ways in which FEMA can better serve the whole community by providing valuable continuity-related products and services.

FEMA's National Continuity Programs (NCP) serves the public by coordinating programs and activities that preserve our nation's essential functions and enhance the ability of organizations, communities, and governments to continue to provide critical services and conduct essential functions across a wide range of potential threats and emergencies. FEMA offers training, technical assistance, and outreach to assist organizations and governments develop and maintain a continuity plan and program and implement the concepts found within the Continuity Guidance Circular (CGC). The Continuity Resource Toolkit, found at www.fema.gov/continuity-resource-toolkit, contains these additional tools, templates, and resources.

1. What continuity of operations or organizational resilience technical assistance would you like to have available to you? You may choose more than one answer.

Training	Templates	Guidance	Webinars
Brochures	Exercises	Other:
