SUMMARY: In compliance with the requirements of the Paperwork Reduction Act (PRA) of 1995, the Federal Energy Regulatory Commission (Commission or FERC) is submitting the information collections FERC-917 (Non-discriminatory Open Access Transmission Tariff) and FERC-918 (Information to be posted on OASIS & Auditing Transmission Service Information) to the Office of Management and Budget (OMB) for review of the information collection requirements. Any interested person may file comments directly with OMB and should address a copy of those comments to the Commission as explained below. The cost information was inadvertently omitted from the Notices. Due to this oversight, we are providing an additional 15 days for comment. ⁴ The estimated hourly cost (salary plus benefits) provided in this section is based on the salary figures for May 2017 posted by the Bureau of Labor Statistics for the Utilities sector (available at http://www.bls.gov/oes/current/naics2_22.htm) and benefits May 2017 (available at https://www.bls.gov/oes/current/naics2_22.htm):
