## **Assumptions:**

<sup>a</sup> We have assumed that there will be one existing source subject to the rule, with no additional new sources per year that of this ICR. We assume that each respondent will have to familiarize with the regulatory requirements each year when the

<sup>b</sup> This ICR uses the following labor rates: \$144.33 per hour for Executive, Administrative, and Managerial labor; \$108.24 Clerical labor. These rates are from the United States Department of Labor, Bureau of Labor Statistics, September 2016, group." The rates are from column 1, "Total Compensation." The rates have been increased by 110 percent to account fo private industry.

- <sup>c</sup> We have assumed that it will take 6 hours to complete the emission test.
- <sup>d</sup> We have assumed that it will take one hour to write the test report notification.
- <sup>e</sup> We have assumed that it will take three hours to write the test report.
- <sup>f</sup> We have assumed that it will take three hours to enter information.
- <sup>g</sup> Totals have been rounded to 3 significant figures. Figures may not add exactly due to rounding.
