19. Certification for Paperwork Reduction Act Submissions

On behalf of this Federal Agency, I certify that the collection of information encompassed by this request complies with 5 CFR 1320.9.

Note: The text of 5 CFR 1320.9, and the related provisions of 5 CFR 1320/8(b)(3). Appear at the end of the instructions. The certification is to be made with reference to those regulatory provisions as set forth in the instructions.

The following is a summary of the topics, regarding the proposed collections of information, that the certification covers:

- (a) It is necessary for the proper performance of agency functions;
- (b) It avoids unnecessary duplication;
- (c) It reduces burden on small entities;
- (d) It uses plain, coherent, and unambiguous terminology that is understandable to respondents;
- (e) Its implementation will be consistent and compatible with current reporting and recordkeeping practices;
- (f) It indicates the retention periods for recordkeeping requirements;
- (g) It informs respondents of the information called for under 5 CFR 1320.8(b)(3):
 - (i) Why the information is being collected;
 - (ii) Use of the information;
 - (iii) burden estimate;
 - (iv) Nature of response (voluntary, required for a benefit, or mandatory);
 - (v) Nature and extent of confidentiality; and
 - (vi) Need to display currently valid OMB control number;
- (h) It was developed by an office that has planned and allocated resources for the efficient and effective management and use of the information to collected (see note in item 19 of the instructions);
- (i) It uses effective and efficient statistical survey methodology; and
- (j) It makes appropriate use of information technology.

If you are unable to certify compliance with any of these provisions, identify the item below and explain the reason in item 18 of the Supporting Statement.

Supporting Statement for Paperwork Reduction Act Submissions
Information Collection:
Choice Neighborhoods

A. Justification

1. The following information collection is required to administer the Choice Neighborhoods program, which includes Implementation grants and Planning grants. The Notices of Funding Availability (NOFA) for the program annually announce the amount of funds available for award. (Approximately \$137,5,000,000 for FY 2017). Potential applicants are local governments, tribal entities, public housing agencies, nonprofits, and for-profit developers that apply jointly with a public entity. The funding authority for Choice Neighborhoods grants for FY 2017 is provided by the Consolidated Appropriations Act, 2017 (Public Law 115-31, approved May 5, 2017) and for prior grant years by previous years' appropriations acts (since FY 2010). The program authority for the Choice Neighborhoods Initiative is Section 24 of the United States Housing Act of 1937 (42 U.S.C. 1437v) (1937 Act), as amended by the FY 2017 appropriations law. The appropriations act permits the HUD Secretary to use the appropriated amount for a Choice Neighborhoods Initiative demonstration.

Because the program authority continues to come from Section 24 of the U.S. Housing Act (the HOPE VI statute), except as otherwise specified in the appropriations act, the HOPE VI program requirements and selection criteria apply to Choice Neighborhoods grants, including the authorization to collect information in order for HUD to award and manage grants. Accordingly, the information collection will continue to collect similar information to that collected in the past for HOPE VI. When the Choice Neighborhoods information collection was first processed and approved (OMB Control Number 2577-0269), many of the existing HOPE VI forms were revised slightly to be useable for Choice Neighborhoods (e.g., changing titling, etc.). This continues to be the case.

Building upon the successes achieved and the lessons learned from the HOPE VI program, Choice Neighborhoods is a program that employs a comprehensive approach to community development centered on housing transformation. The program aims to transform neighborhoods of poverty into viable mixed-income neighborhoods with access to economic opportunities by revitalizing severely distressed public and assisted housing and investing and leveraging investments in well-functioning services, effective schools and education programs, public assets, public transportation, and improved access to jobs.

Choice Neighborhoods grants primarily fund the transformation of public and/or HUD assisted housing developments through preservation, rehabilitation, and management improvements as well as demolition and new construction. In addition, these funds can be used on a limited basis (and combined with other funding) for improvements to the surrounding community, public services, facilities, assets and supportive services. Choice Neighborhoods grant funds are intended to catalyze other investments that will be directed toward necessary community improvements.

Choice Neighborhoods grants are governed by the Notice of Funding Availability (NOFA) and the Grant Agreements executed between each grant recipient and HUD.

2. Eligible applicants interested in obtaining Choice Neighborhoods grant funds are required to submit applications to HUD, as explained in the NOFAs. The information collection covers the

information needed from applicants to determine which applicants should be funded. The information provided demonstrates the applicants' plans to implement the grant requirements, and includes related applicant history. The application includes such information as narrative exhibits, certifications, data forms, supporting documentation, maps, and drawings. The information will be used by HUD staff to evaluate threshold requirements and rate and rank grant applications. Applicants that receive grant funds are required to report to HUD quarterly on their progress, enabling HUD to manage and monitor the programs. The information collection also covers the data needed to fulfill this reporting requirement, and information needed for program management.

3. Technology applied to the collection: This information collection is automated in order to improve data quality and to reduce the public reporting burden. Since FY 2005, the Department has required applications prepared in response to NOFAs to be submitted electronically via Grants.gov. Choice Neighborhoods grantee quarterly reporting is electronic.

4. Duplication of Effort:

There is no duplication of effort. Information collected is unique to each type of collection and does not duplicate any similar information or method.

5. Impact on Small Business and Small Entities:

These information collections have no impact on small businesses or other entities.

6. Consequence of Less Frequent Collection:

The Federal statutory mandate to award funds competitively would not be met if the collection is not conducted. The information collection is necessary so that the available funds, per the appropriations act, may be awarded to successful applicants for Choice Neighborhoods grants. The statute also requires reporting on the Choice Neighborhoods program.

7. Special Circumstances for Information Collection:

- requiring respondents to report information to the agency more than quarterly;
Not Applicable
- requiring respondents to prepare a written response to a collection of information in fewer than 30 days after receipt of it;
Not Applicable
- requiring respondents to submit more than an original and two copies of any document;
Not Applicable
- requiring respondents to retain records other than health, medical, government contract, grant-in-aid, or tax records for more than three years;
Not Applicable
- in connection with a statistical survey, that is not designed to produce valid and reliable results than can be generalized to the universe of study;
Not Applicable
- requiring the use of a statistical data classification that has not been reviewed and approved by OMB;
Not Applicable
- that includes a pledge of confidentiality that is not supported by authority established in statute or regulation, that is not supported by disclosure and data security policies that are consistent with the pledge, or which unnecessarily impedes sharing of data with other agencies for compatible confidential use; or
Not Applicable
- requiring respondents to submit proprietary trade secret, or other confidential information unless the agency can demonstrate that it has instituted procedures to protect the information's confidentiality to the extent permitted by law.
Not Applicable.

There are no special circumstances that would cause these information collections to be conducted inappropriately.

8. Federal Register Notice and Public Comments:

A Notice was published in the *Federal Register*, Volume 83, page 8690, on February 28, 2018, to solicit comments on the Choice Neighborhoods information collection. No comments were received in response to the Federal Register notice.

9. Payment/Gifts to Respondents:

No payments or gifts are provided to respondents for any of these information collections.

10. Assurances of Confidentiality:

Assurance of confidentiality is neither provided nor needed for any of these information collections. The Privacy Act of 1974 provided privacy protection to respondents.

11. Questions of a Sensitive Nature:

No sensitive questions are being asked for any of these information collections.

12. Estimate of Annual Burden Hours for Information Collection: The chart below outlines the burden associated with the various aspects of the Choice Neighborhoods grants program and a breakout of the forms associated with each portion of that burden.

Costs to the respondents to complete these information collections will not exceed those incurred by regular grant administration, planning and management.

For Choice Neighborhoods the burden hours per response total to 71.09 for Implementation Grant applications and 36.34 for Planning Grant applications. Choice Neighborhoods information collections unrelated to the NOFA, including grantee reporting and program management, total to 48.58. The total burden hours, for each grant application type, is 1,777.25 for Implementation Grants and 1,817 for Planning Grants. Forms such as the SF 424 are not duplicative information. These forms, while authorized under different OMB Control Numbers, are submitted as part of the Choice Neighborhoods applications and used specific to the applications' content.

13. Cost Burden of Information Collection:

There are no start-up or additional costs to the respondents other than those reported in Item 12 above in the Burden Cost Column.

14. Annualized Cost to Federal Government:

We do not estimate that there will be any additional costs to the Federal government for any of these information collections.

15. Changes or Adjustments to OMB Form 83-I:

Program Change: N/A

Adjustment:

NOFA-related Collections:

1. The NOFAs continue to focus on evaluating eligibility, capacity, need, soundness of approach/plan, and match/leverage, with additions to the collection (necessary for the program): Rental Assistance Demonstration certification, Project-based voucher documentation, and Alignment with existing efforts documentation.
2. Overall, the NOFA-related collections have been streamlined as reflected in the removal of the following items:
 - a. From Implementation applications:
 - i. Eligible Neighborhoods Documentation – Inadequate School Documentation (HUD-53153)
 - ii. Capacity - Education Implementation Documentation
 - iii. LEED, green development, energy efficiency documentation
 - iv. CFFP documentation
 - v. Choice Neighborhoods Application Certification - Implementation Grants (HUD-53240)
 - vi. Section 3 report
 - vii. 96011 Third Party Facsimile Report
 - b. From Planning applications:
 - i. Eligible Neighborhoods Documentation – Inadequate School Documentation (HUD-53153)
 - ii. Energy/green documentation
 - iii. Category preferences documentation
 - iv. Choice Neighborhoods Application Certifications - Planning Grants (HUD-53156)
 - v. HUD-96011 Third Party Facsimile Report

Non-NOFA related Collections:

3. These collections continue to focus on reporting and program management. However, the number of grantees by type has been adjusted. The prior approval for information collection was for a smaller group of Implementation grantees. The number of Implementation grantees has been increased. A document related to program management has been added (Certifications and Assurances for CN development). The number of Planning grantees has been reduced to reflect their completion.
4. A HUD form number was added to the Actual Cost Certificate (HUD-50163), which was obtained since prior collection approval.
5. A correction of the calculation of Non-NOFA Collections was made which reduced burden.

Overall:

6. The salary amount was increased to reflect the 2018 general schedule pay table.
7. The above adjustments resulted in a reduction of 5,361.55 burden hours.

16. Publication of Information Collection Results:

Information collection results will not be published.

17. Expiration Date:

The OMB approval number and date will appear on the HUD-prescribed forms.

18. Exceptions to Certification Statement:

There are no exceptions to the certification statement identified in item 19.

B. Collections of Information Employing Statistical Methods

There are no collections of information that employ statistical methods.
