FDA Prescribers' Perceptions of Boxed Warnings Screener with Programming Notes

PROGRAMMER:

- Program progresses through the questioning in a “one-way” manner; participants should not be able to return to questions after they have answered them.
- Responses to all questions are voluntary; if respondent does not answer a question, the respondent should stay on the same page and be shown the “MISSING ANSWER(S)” validation, after which they should be allowed to move to the next page. If any of the screener questions are missing after validations, please terminate.
- Include one additional variable in the dataset not shown in this document: **Respondent_ID** (a unique identifier).
- If ineligible, please show THANK AND TERMINATE MESSAGE on NEW SCREEN:

“Thank you for your time. You do not qualify to participate in the current study. Please continue to check for opportunities to participate in research through Lightspeed Health.”
