

**Attachment I-3
Thank you Email or Mail**

Thank You

I want to personally thank you for submitting the 2018 National Study of Long Term Care Providers (NSLTCP) provider questionnaire. We look forward to you also completing the telephone interview on [insert date] at [insert time] to sample and collect information from you on two of your [residents/participants].

It is only through the participation of people like you that we are able to complete this important national study across long-term care settings. NSLTCP's findings are an invaluable source of national representative information for health care professionals, long-term care providers, policymakers, researchers, and the general public.

Again, I appreciate the time and effort you have given so far in support of this study. We will talk with you soon to complete the [resident/participant] survey.

If you have any questions, or need to reschedule the telephone interview, please call (xxx) xxx-xxxx.

Sincerely,

Charles J. Rothwell
Director, National Center for Health Statistics
