Exp. Date: XX/XX/20XX

Thank you for taking part in CH STRONG, a survey to examine the healthcare needs of people born with heart conditions. This project is being conducted by the <<sites>>, the March of Dimes, and the Centers for Disease Control and Prevention (CDC).

Across the country, hundreds of people born with a heart condition are taking part in this survey. Everyone's answers are important to us and will add to our understanding of how heart conditions affect adults. The findings from the survey will help identify unmet needs of adults who were born with heart conditions. Additionally, this information may help families of children born with heart conditions plan for the future. To learn more about this project, you can visit <<Website address>>.

The survey will take about 20 minutes. Your participation in this the survey is up to you. If you choose to participate, it would be helpful if you completed all of the questions. However, you can decide not to answer any question and you can stop at any time. Nothing will happen if you decide not to complete the survey. Your answers are confidential and your name will never be released.

If you have any questions, please contact:
Dr. Sherry Farr
National Center on Birth Defects and Developmental Disabilities, CDC
<<800.xxx.xxxx>>

Public reporting burden of this collection information is estimated to average 20 minutes, including completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to CDC/ ATSDR Reports Clearance Officer, 1600 Clifton Road NE, MS D-74, Atlanta, GA 30333: ATTN: PRA (0920-XXXXX).

Basic Information

First, we want to ask basic information about you to make sure we have the right person.

Based on your responses, some questions may be skipped and not appear on your screen.

1. Are you the person to whom the introduction letter was addressed?

Centers for Disease Control and Prevention 1600 Clifton Rd. Atlanta, GA 30333, USA 800-CDC-INFO (800-232-4636) TTY: (888) 232-6348, New Hours of Operation 8am-8pm ET/Monday-Friday

Basic Information

As explained in the letter you received, we are contacting you about this survey because our records show that you have a congenital heart problem, which is a heart problem you were born with. We would like to ask you some questions about your heart problem.

If you are completing this questionnaire for the addressee (the individual with the heart problem), please answer all questions with information about the addressee only.

Next Previous Stop

Next, we will ask you questions about any surgeries you may have had on your heart. Heart surgery will result in scars on the middle of your chest, side, or back. Surgeries that occur after the first surgery may use the same scar or create a new scar.
