Instructions for Making Knowledge Ratings

These questions are about work-related areas of knowledge. **Knowledge areas** are sets of facts and principles needed to address problems and issues that are part of a job. You will be asked about a series of different areas of knowledge and how they relate to workers in the occupation. As an occupation expert, first consider the different knowledge areas needed by workers to perform the occupation. Then, with this information in mind, please answer each question as if you were performing work that is typical of the occupation.

Each knowledge area in this questionnaire is named and defined.

For example:

Economics and Accounting

Knowledge of economic and accounting principles and practices, the financial markets, banking, and the analysis and reporting of financial data.

You are then asked two questions about each knowledge area:

A How important is the knowledge area to the performance of the occupation?

For example:

How important is ECONOMICS AND ACCOUNTING knowledge to the performance of the occupation?

Mark your answer by putting an X through the number that represents your answer.
Do not mark on the line between the numbers.

***If you rate the knowledge area as Not Important to the performance of the occupation, mark the one [~~1~~] then skip over question B and proceed to the next knowledge area.**

B What level of the knowledge is needed to perform the occupation?
