SUPPLEMENTARY INFORMATION:

Background: FMCSA registers for-hire motor carriers under 49 U.S.C. 13902, surface freight forwarders under 49 U.S.C. 13903, and property brokers under 49 U.S.C. 13904. Each registration is effective from the date specified under 49 U.S.C. 13905(c). 49 CFR part 365.413 states for-hire motor carriers, brokers and freight forwarders are required to notify MC-RS when they change the name or form of business. Currently, the name change request can be filed online through the Licensing and Insurance (L&I) Web site, or companies can fax or mail a letter requesting either name or address

changes. Carriers can also request reinstatement of a revoked operating authority either via fax or online via the L&I Web site. About 39% of name change, address change, and reinstatement requests are received by mail; 38% are filed online; and 23% are filed by faxing a request letter to MC-RS. The information collected is then entered in the L&I database by FMCSA staff. This enables FMCSA to maintain up-to-date records so that the agency can recognize the entity in question in case of enforcement actions or other procedures required to ensure that the carrier is fit, willing and able to provide for-hire transportation services, and so that entities whose authority has been revoked can resume operation if they are not otherwise blocked from doing so. This multi-purpose form simplifies the process of gathering the information needed to process the entities' requests in a timely manner, with the least amount of effort for all parties involved. This multi-purpose form is filed by registrants on a voluntary, as-needed basis. This multi-purpose form is on the FMCSA Web site so entities could access and print/fax/email the form to MC-RS.

The form prompts users to report the following data points (whichever are relevant to their records change request):

1. What are the legal/doing business as (dba) names of the entity/representative?

2. What is the contact information of entity/representatives (phone number, address, fax number, email address)?

3. What are the requested changes to name or address of entity?

4. What is the docket MC/MX/FX number of the entity?

5. What is the US DOT number of the entity?

6. Is there any change in ownership, management or control of the entity?

7. What kind of changes is the entity making to the company?

8. Which authority does the entity/representative wish to reinstate, motor carrier or broker?

9. Does the entity/representative authorize the fee for the name change or reinstatement?

10. Does the entity/representative authorize the reinstatement of operating authority or name/address change?

11. What is the credit card information (name, number, expiration date, address, date) for the card used to pay the fee?

OMB Control Number: 2126-0060.

Type of Request: Renewal collection.

Estimated Number of Respondents: 44,900.

Estimated Total Annual Burden: 11,225 hours [44,900 annual responses $\times$ 0.25 hours = 11,225].

Public Comments Invited: You are asked to comment on any aspect of this information collection, including: (1) Whether the proposed collection is necessary for the performance of FMCSA's functions; (2) the accuracy of the estimated burden; (3) ways for FMCSA to enhance the quality, usefulness, and clarity of the collected information; and (4) ways that the burden could be minimized without reducing the quality of the collected information. The agency will summarize or include your comments in the request for OMB's clearance of this information collection.

Federal Motor Carrier Safety Administration

[Docket No. FMCSA-2017-0277]

Hours of Service of Drivers: Application for Exemption; Hub Group Trucking Inc.

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), DOT.

ACTION: Notice of application for exemption; request for comments.

SUMMARY: FMCSA announces that the Hub Group Trucking Inc. (HGT) has requested an exemption from the electronic logging device (ELD) requirements to permit an alternative grandfather period for any commercial motor vehicles added to HGT's fleet after the December 18, 2017, compliance date. HGT reports that all of its 2,700 trucks are equipped with automatic on-board recording devices (AOBRDs) and it expects to add at least 160 trucks to its fleet in 2018. If the exemption is granted it would allow HGT to equip the additional trucks with AOBRDs instead of the required ELDs until the company's full transition to ELDs can be accomplished. HGT is confident that its AOBRD-compliant approach between December 18, 2017, and its full

transition to ELDs by the end of 2018, would achieve a level of safety that is at least equivalent to the level of safety that would be obtained by strict compliance with a mixed AOBRD-ELD fleet.
