YIELD SUPPLEMENT
2018

Name and Address Label

Please verify that you received an average yield in bushels of rice for grain in **Section B, question 4**. If the operator is not able to estimate yield at this time, you will need to re-contact the operator at a later date for the yield information. First, get the operator's best estimate of what date would be best to call or return for the yield information, and put that date in the box directly below.

Call/come back on [enter date] _____ / _____ / _____ for yield.

Then, copy acres from **Section A**, question 3, in the space below for acres. Do not complete Respondent, Enumerator, or Date (at the bottom) at this time. Cut this page out of the questionnaire and send the rest of it to your supervisor for review. Keep this page until you obtain yield(s), then fill it out and return it to the state office. Remember when collecting yield data that the yield refers to **ALL** harvested rice for grain acreage, not just the selected field.
