NWS Customer Survey for Official and Experimental Products/Services

Public reporting burden for this collection of information is estimated to average 6 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other suggestions for reducing this burden to: nws.products@noaa.gov

Notwithstanding any other provisions of the law, no person is required to respond to, nor shall any person be subjected to a penalty for failure to comply with, a collection of information subject to the requirements of the Paperwork Reduction Act, unless that collection of information displays a currently valid OMB Control Number. Finally, please note that under no circumstances will individual responses be shared.

Note: This survey is intended to document your satisfaction with this experimental product or service and to collect suggestions for improvements. We are not able to respond to questions you submit in this survey. For general or technical questions about this product or service, please refer to the Public Notification Statement or Product/Service Description Document describing the product/service.
