

Baldrige Technical Editing Survey

Dear Tech Editor,

Now that you have completed the final review of the [] Consensus Review feedback report you were assigned as a technical editor, we would appreciate capturing your estimation of the extent of revisions you found it necessary to make, the areas in which the draft report may have needed rework when you received it, and your suggestions for process improvements to reduce technical editing needed after examiner teams complete consensus scorebooks in the future.

Would you please respond to the questions below and return this survey by e-mail to us?

We plan to use input from you and other respondents of this survey for learning and improvement of our training and award processes next year and beyond.

We greatly appreciate your role in helping us improve the quality of Baldrige feedback reports!

1. I estimate I spent the following amount of time on the Part 2 Tech Edit:

1-5 hours 6-10 hours 10-15 hours 15-20 hours More than 20 hours {Specify #:

2. The report needed extensive rework in these areas (note: checking "Yes" below indicates you found numerous problems in draft report in the specified area[s]):

Clarity/adherence to Comment Guidelines Yes No

Adherence/alignment to Criteria Yes No

Accuracy of data (application fact-checking) Yes No

Scoring alignment Yes No

Key themes Yes No

Other issue(s) - please specify: _____

3. I contacted the team leader about tech edits during Part 2:

Yes No Attempted

4. Any training or award process improvements you would suggest based on your experience this year? Please comment below:

This collection of information contains Paperwork Reduction Act (PRA) requirements approved by the Office of Management and Budget (OMB). Notwithstanding any other provisions of the law, no person is required to respond to, nor shall any person be subject to a penalty for failure to comply with, a collection of information subject to the requirements of the PRA unless that collection of information displays a currently valid OMB control number. Public reporting burden for this collection is estimated to be 10 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed and completing and reviewing the collection of information. Send comments regarding this burden estimate or any aspect of this collection of information, including suggestions for reducing this burden, to the National Institute of Standards and Technology, Attn: Robert Fangmeyer, Director Baldrige Program, robert.fangmeyer@nist.gov
