2017 NIST-MEP Credential Survey

OMB Control No. 0693-0033 Expiration Date: 06/30/2019

Welcome

The National Institute of Standards and Technology (NIST) through the Hollings Manufacturing Extension Partnership (MEP) is embarking on a very important study to determine the impact and value of the credentials used in manufacturing as perceived by individuals responsible for workforce hiring and promotion decisions. There are many credentials but a significant lack of independent research regarding their perceived quality, market value and effectiveness specifically related to manufacturing industry sector needs. This research will provide information to US Manufacturers, career counselors, credential developers and job seekers. The information on Manufacturing Credentials will be helpful in reducing training costs, narrowing the skills gap and aligning workforce to industry needs .

We hope you are willing to be part of this important study by completing this survey. As part of your participation, we are asking you to also complete demographic information about yourself. The information you provide will be used in technical reports in the aggregate and held in confidence.

We estimate that the survey can be completed in 15 minutes. We asked that you complete the survey by (date, 3 weeks from start).

If you have any technical difficulties, desire to opt-out of any future communications, or wish to speak to a member of the project team (who is hosting the survey) please contact mary.pacelli@nist.gov.

As this is a new undertaking, the items on this survey are copy written, proprietary, and confidential. No part of this document may be disclosed in any manner to a third party without the prior written consent of NIST MEP and their contractor, Workcred. Thank you again for lending your time to a very important activity.

Page exit logic: Skip / Disqualify Logic IF: Question "How are credentials (apprenticeship, certifications, certificates, licenses) used in your specific facility? (Please select all that apply.) " #3 is one of the following answers ("Credentials are not used in our facility") THEN: Jump to page 7 - (untitled)
ID 278
I. Please provide the name of your facility (This information will not be disclosed).
□ 365
2. If applicable, name your parent company.
ID 299
3. How are credentials (apprenticeship, certifications, certificates, licenses) used in your specific facility? Please select all that apply.)
☐ Preferred
Required for employment
Required for promotion
Required to maintain the job after employment
☐ Credentials are not used in our facility
(untitled)

ID 280		
4. What roles in your facility require or prefer credentials for hiring of (Please select all that apply.)	r promotion?	
☐ Apprentice	☐ Precision Machinist	
Design and Development	☐ Production	
☐ Engineer	☐ Quality Technician	
□ іт	Research and Development	
☐ Equipment Maintenance Technician	☐ Supervisor	
☐ Management	Other - Write In	
(untitled)		
ID 398		
5. Which type of credential is the MOST important when making HIF	RING decisions in your facility?	
Certificate issued by vocational high school		
Certificate earned at an apprenticeship		
C Industry-specific certification		
C License		

Other - Write In

6. Which type of credential is the MOST important when making PROMOTION decisions in your facility?		
C Certificate issued by vocational high school		
Certificate earned at an apprenticeship		
C Industry-specific certification		
C License		
Other - Write In		
VALIDATION Max. answers = 5 (if answered) LOGIC Show/hide trigger exists. ID 300 7. Please specify up to five credentials that are mobelow.	st important in your facility to make employment o	lecisions (hiring, promotion) using the list of credentials
□ Apprenticeship - CNC Programmers□ Apprenticeship - Electricians	 Certified Supply Chain Professional (CSCP), Association for Operations Management (APICS) 	OSHA Safety - 10 Hour, Occupational Safety & Health Administration (OSHA)
Apprenticeship - Electro-Mechanical Technicians	Certified Quality Inspector, American Society for Quality (ASQ)	☐ OSHA Safety - 30 Hour, Occupational Safety & Health Administration (OSHA)
Apprenticeship - Industrial Machinery Mechanics	Certified Welder, American Welding Society (AWS)	 PMMI Mechatronics Certifications, Packaging Machinery Manufacturing Institute (PMMI)
Apprenticeship - Machinist	☐ Fluid Power Certified Mechanic,	PMMI Mechanics: Industrial Electricity 1,
☐ Apprenticeship - Millwright	International Fluid Power Society (IFPS)	Packaging Machinery Manufacturing Institute (PMMI)
☐ Apprenticeship - Pipefitter	enticeship - Pipefitter Geometric Dimensioning & Tolerancing (GD&T) Professional, American Society of	PMMI Mechatronics: Mechanical
☐ Apprenticeship - Sheet Metal Worker	Mechanical Engineers (ASME)	Components 1, Packaging Machinery Manufacturing Institute (PMMI)
Apprenticeship - Structural Iron and Steel Worker	Lean Bronze Certification, ASQ - AME - Shingo Institute - SME	PMMI Mechatronics: Programmable Logic
Apprenticeship - Tool and Die Maker	Lean Silver Certification, ASQ - AME - Shingo Institute - SME	Controls (PLCs) 1, Packaging Machinery Manufacturing Institute (PMMI)

American Composites Manufacturers	Lean Gold Certification, ASQ - AME - Shingo Institute - SME	Certification (PSMO), Fabricators &
Association (ACMA) Certified Internal Auditor, Institute of Internal Auditors	☐ Machine Maintenance, Service & Repair Level II, National Institute for Metalworking Skills (NIMS)	Manufacturers Association, International (FMA) Siemens Certified Mechatronic Systems
 □ Certified Logistics Technician, Manufacturing Skill Standards Council (MSSC) □ Certified Production Technician (CPT), Manufacturing Skill Standards Council (MSSC) □ Certified in Production and Inventory Management (CPIM), Association for Operations Management (APICS) 	 Machining Level I, National Institute for Metalworking Skills (NIMS) Mechatronics: Fluid Power 1, Packaging Machinery Manufacturing Institute (PMMI) NADCA Die Casting Certification, North American Die Casting Association (NADCA) National Aerospace Defense Contractors Accreditation Program (NAD-CAP) Certification, National Aerospace Defense Contractors Accreditation Program (NAD-CAP) National Career Readiness Certificate (NCRC), ACT OSHA Fork Lift, Occupational Safety & Health Administration (OSHA) 	Level I: Assistant, Siemens Mechatronic Systems Certification Program Six Sigma Black Belt, International Association of Six Sigma Certification Six Sigma Green Belt, International Association of Six Sigma Certification Supply Chain Operations Reference Professional (SCOR-P), American Production and Inventory Control Society (APICS) Facility-specific credential Locally-specific credential State-specific credential Other - Write In

10. Please indicate the reason(s) below for selecting "Credentials don't make any difference in an individual's performance." (Please select all that apply.)
Individuals have to be retrained anyway
Individuals don't have the knowledge and skills that the credential claims
The individual has knowledge but can't perform
There is no difference in performance between credentialed and non-credentialed employees
Experience is a better predictor for successful performance
The increase in salary associated with the credential is not cost effective
☐ It is more cost effective to create our own credentials (or training program)
Other - Write In

(Please select all that apply.) " #9 is one of the following answers ("Credentials don't make any difference in an individual's performance")

Hidden unless: Question "What are the reasons credentials are **NOT** used?

(untitled)

	e select all that apply.)
	Paid time off to attend training
	Unpaid time off to attend training
	Full reimbursement of training costs
	Partial reimbursement of training costs
	Recognition program for individuals who complete training/education programs
	On-site training (e.g., courses, workshops)
	Pre-apprenticeship program
	Apprenticeship program
	No support provided
	Other - Write In
ID 36	2
	hat training does your facility conduct to up-skill individuals who ALREADY hold credentials ? se select all that apply.)
	Training to help people earn another credential
	Training where no credential covering required skills existed
	Training to fill unique technical skills needed in the facility (e.g., machining, blue-print reading, inspection, etc.)
	Training in 'soft skills" (e.g., communication, teamwork, work appropriate behavior etc.)
	No training provided
	Other - Write In

13. What training does your facility conduct to up-skill individuals who DO NOT hold credentials? (Please select all that apply.)
☐ Training to help people earn a credential
☐ Training where no credential covering required skills exists
Training to fill unique technical skills needed in the facility (e.g., machining, blue-print reading, inspection, etc.)
Training in 'soft skills" (e.g., communication, teamwork, work appropriate behavior etc.)
☐ No training provided
Other - Write In
(untitled)
ID 315
14. What roles in your facility are difficult to fill due to a lack of qualified candidates?
Role

ID 364

15. How could the usefulness of credentials be improved? (Please select all that apply.)
☐ Credentials must focus more on hands on skills, not just knowledge
☐ Credentials should be more aligned to specific tasks (such as operating specific types of equipment)
Credentials should cover soft skills such as communication, getting along with others, work ethic, team work
Other - Write In
ID 317
16. Which of the following areas need new credentials? (Please select all that apply.)
☐ Computer skills
☐ Critical thinking/problem solving
☐ Data analytics
☐ Interpersonal skills
☐ Technical skills
☐ Verbal communication
☐ Written communication
Other - Write In None of the above

19. What is your role in your facility?	
C Chief Operating Officer	C Foreman
Owner/CEO/President	C Manager/Supervisor
C Vice President	C Production Associate
C Director of Operations	Other - Write In
C Human Resources	
ID 400	
20. Who makes decisions about how credentials are used in your facility? (Please select all that apply.)	
☐ Chief Operating Officer	☐ Foreman
☐ Owner/CEO/President	☐ Manager/Supervisor
☐ Vice President	☐ Production Associate
☐ Director of Operations	Other - Write In
☐ Human Resources	
ID 4	
21. How long have you worked in your current role?	
C Less than one year	
C 1 to 3 years	
C 4 to 6 years	
C 7 to 10 years	
More than 10 years	

2. How many years have you worked in the manufacturing industry?	
C Less than three years	
C 3 to 5 years	
C 6 to 10 years	
C 11 to 15 years	
C 16 to 20 years	
More than 20 years	
(untitled)	
232	
3. How many individuals are employed in your facility?	
C 1 to 19	
C 20 to 49	
C 50 to 99	
C 100 to 250	
C 251 to 500	
© Over 500	
D 234	

24. Which of the following most closely describes your facility?
C Sole Proprietorship
© Privately-held Company
C Publicly-traded Corporation
Other - Write In
□ 235
25. Is the facility you work in U.S. owned?
© Yes
C Partially U.Sowned
C No
