FDA Quantitative TV Study

Survey Questionnaire - Study 2

INTRODUCTION

Thank you for agreeing to participate in this study today. This study is about advertising for a new product. We will show you an ad for a new product and then ask you some questions about it.

Make sure you are comfortable and can read the screen from where you sit. The survey will include some audio, so please make sure the sound on your computer is active and the speaker volume is turned up.

ADVERTISEMENT INSTRUCTIONS

On the next screen, you will see an advertisement for a new product. The ad may take 15-30 seconds to start playing. Imagine that this ad is for a product that you might be interested in for yourself.

Once you finish viewing the ad, please click the Continue button.

[DISPLAY ASSIGNED AD] [SUPPRESS "CONTINUE" BUTTON UNTIL AD FINISHES PLAYING]

We would like you to watch the ad a second time. Please click the Continue button to view the ad.

DEBRIEF

The purpose of this study is to learn about reactions to medical advertising. In order to get a real-life reaction, we used a pretend product in this study. [Drug X] is not a real product and is not available for sale. Please see your healthcare professional for questions about plaque psoriasis.

You have been very helpful. Thank you very much for your participation!
