Grantees complete a separate grantee form for each Ryan White HIV/AIDS Program grant they receive from HRSA — e.g., an agency with only a Part C grant completes one grantee form; an agency with a Part C and Part D grant completes two grantee forms, one for its Part C grant and another for its Part D grant.

**Items 1 – 3 (display only)**: These items show the grantee and user information stored in the HRSA Electronic Handbooks (EHBs). To edit this information, grantees must update their agency information and/or user profile in the EHBs.

**Item 4**: Select the status of your agency's clinical quality management program during this reporting period.

- 2. The services each agency was contracted to provide under each agreement have been selected.

After completing all information for each contract, check "Completed."
