Have you had anal sex with a male **primary** partner in the past three months?

By "primary" partner we mean a man you have lived with or have seen a lot, to whom you have felt a special emotional commitment for at least 3 months. This includes times when you were a top or bottom, used or didn't use a condom, and whether or not there was ejaculation.

- No
 Yes

Now we want to ask you about all of the other men you have had any anal sex with in the past 3 months **other than your most recent primary partner**.

In the past 3 months, with how many men **other than your most recent primary partner** did you have anal sex?

By **non-primary partner**, we mean someone you had sex with but do not feel committed to or don't know very well. This includes times when you were a top or bottom, used or didn't use a condom, and whether or not there was ejaculation.
