10 Describe in further detail any changes to the system that have occurred since the last PIA.

None

11 Describe the purpose of the system.

Immigrants and refugees entering the United States are required by law to possess certain U.S. Department of State medical screening information and documentation as part of a visa request. The medical information is based on overseas examinations to include any of several health related conditions that may exist. The purpose of EDN is to document these health conditions and provide the case to the destination state health department for further follow up and tracking.

12 Describe the type of information the system will collect, maintain (store), or share. (Subsequent questions will identify if this information is PII and ask about the specific data elements.)

Medical screening information and documentation of immigrants and refugees entering the United States as part of a visa request.

13 Provide an overview of the system and describe the information it will collect, maintain (store), or share, either permanently or temporarily.

This application will network CDC researchers, quarantine stations, and state health departments that perform surveillance for immigrants requiring medical treatment follow-up upon entering the United States.

14 Does the system collect, maintain, use or share PII?

Yes
 No

15 Indicate the type of PII that the system will collect or maintain.

24b Describe any agreements in place that authorizes the information sharing or disclosure (e.g. Computer Matching Agreement, Memorandum of Understanding (MOU), or Information Sharing Agreement (ISA)).

N/A

24c Describe the procedures for accounting for disclosures

The EDN Helpdesk tracks for accounting for disclosures in an Access database. There is also an organized email folder system for requests that come in through the email box.

<p>25 Describe the process in place to notify individuals that their personal information will be collected. If no prior notice is given, explain the reason.</p>	<p>CDC does not collect the original data. PII and other personal information are collected by the forms of the U.S. Department of State in immigrant or refugee medical exams. Privacy Act Notice on the form states how the information is going to be used. Immigrants or refugees may decline to provide the PII requested by the U.S. Department of State. In that event the U.S. Department of State may delay or prevent the processing of their case.</p>										
<p>26 Is the submission of PII by individuals voluntary or mandatory?</p>	<p><input checked="" type="radio"/> Voluntary <input type="radio"/> Mandatory</p>										
<p>27 Describe the method for individuals to opt-out of the collection or use of their PII. If there is no option to object to the information collection, provide a reason.</p>	<p>Immigrants or refugees may decline to provide the PII requested by the U.S. Department of State. In that event the U.S. Department of State may delay or prevent the processing of their case.</p>										
<p>28 Describe the process to notify and obtain consent from the individuals whose PII is in the system when major changes occur to the system (e.g., disclosure and/or data uses have changed since the notice at the time of original collection). Alternatively, describe why they cannot be notified or have their consent obtained.</p>	<p>Privacy Act Notice on the form states how the information is going to be used.</p>										
<p>29 Describe the process in place to resolve an individual's concerns when they believe their PII has been inappropriately obtained, used, or disclosed, or that the PII is inaccurate. If no process exists, explain why not.</p>	<p>Immigrants or refugees may notify CDC or state/local health department if their PII is incorrect or inappropriately used.</p>										
<p>30 Describe the process in place for periodic reviews of PII contained in the system to ensure the data's integrity, availability, accuracy and relevancy. If no processes are in place, explain why not.</p>	<p>The review and validation of PII information is done constantly by State and Local Health Departments outside of CDC.</p>										
<p>31 Identify who will have access to the PII in the system and the reason why they require access.</p>	<table border="1"> <tr> <td><input checked="" type="checkbox"/> Users</td> <td>Data Entry</td> </tr> <tr> <td><input checked="" type="checkbox"/> Administrators</td> <td>Maintenance of EDN</td> </tr> <tr> <td><input checked="" type="checkbox"/> Developers</td> <td>EDN Programming</td> </tr> <tr> <td><input checked="" type="checkbox"/> Contractors</td> <td>EDN Programming</td> </tr> <tr> <td><input type="checkbox"/> Others</td> <td></td> </tr> </table>	<input checked="" type="checkbox"/> Users	Data Entry	<input checked="" type="checkbox"/> Administrators	Maintenance of EDN	<input checked="" type="checkbox"/> Developers	EDN Programming	<input checked="" type="checkbox"/> Contractors	EDN Programming	<input type="checkbox"/> Others

<input checked="" type="checkbox"/> Contractors	EDN Programming										
<input type="checkbox"/> Others											
<p>32 Describe the procedures in place to determine which system users (administrators, developers, contractors, etc.) may access PII.</p>	<p>Role-based access. There are 2 system administrators have full access to the system and 15 Data entry personnel to enter data into the system. Other State Health Department and Q-Station users have access only to their state and Q-Station data.</p>										
<p>33 Describe the methods in place to allow those with access to PII to only access the minimum amount of information necessary to perform their job.</p>	<p>The Least privileged model is utilized</p>										

<p>34 Identify training and awareness provided to personnel (system owners, managers, operators, contractors and/or program managers) using the system to make them aware of their responsibilities for protecting the information being collected and maintained.</p>	<p>Annual security and privacy awareness training</p>	
<p>35 Describe training system users receive (above and beyond general security and privacy awareness training).</p>	<p>CDC Role-based training</p>	
<p>36 Do contracts include Federal Acquisition Regulation and other appropriate clauses ensuring adherence to privacy provisions and practices?</p>	<p><input checked="" type="radio"/> Yes <input type="radio"/> No</p>	
<p>37 Describe the process and guidelines in place with regard to the retention and destruction of PII. Cite specific records retention schedules.</p>	<p>Records are retained and disposed of in accordance with the CDC Records Control Schedule. Record copy of study reports are maintained in agency from two to three years in accordance with retention schedules. Source documents for computer are disposed of when no longer needed by program officials. Personal identifiers may be deleted from records when no longer needed in the study as determined by the system manager, and as provided in the signed consent form, as appropriate. Disposal methods include erasing computer tapes, burning or shredding paper materials or transferring records to the Federal Records Center when no longer needed for evaluation and analysis. Records are retained for 20 years; for longer periods if further study is needed.</p>	
<p>38 Describe, briefly but with specificity, how the PII will be secured in the system using administrative, technical, and physical controls.</p>	<p>Access to the CDC Clifton Road facility where the mainframe computer is located is controlled by a cardkey system. Access to the computer room is controlled by a cardkey and security code (numeric keypad) system. Access to the data entry area is also controlled by a cardkey system. The hard copy records are kept in locked cabinets in locked rooms. The computer room is protected by an automatic sprinkler system, numerous automatic sensors (e.g., water, heat, smoke, etc.) are installed, and a proper mix of portable fire extinguishers is located throughout the computer room. The system is backed up on a nightly basis with copies of the files stored off site in a secure fireproof safe. Security guard service in buildings provides personnel screening of visitors.</p>
