Part 6. Professional Experience

You must establish that you have practiced medicine as a physician (M.D. or D.O.) for at least four years to be eligible for designation.

NOTE: In calculating whether you meet the requirement of four years of practice as a physician, DO NOT count your post graduate medical training in an internship or residency program. You can, however, count the time you practiced medicine on the basis of a post-residency fellowship.

Submit evidence to establish your professional experience, such as evaluations, certificates of completion, business tax returns and business license (for self-employed physicians), or letters of employment verification. If you need extra space to complete this section, use the space provided in **Part 9. Additional Information**.
