Expiration Date: XX/XX/XXXX

PAPERWORK BURDEN DISCLOSURE NOTICE

FEMA Form 519-0-54

Public reporting burden for this data collection is estimated to average 15 minutes per response for surveys, (90 minutes for focus groups, and 45 minutes for interviews). The burden estimate includes the time for reviewing instructions, and completing the questions by the interviewer or group facilitator. This collection of information is voluntary. Send comments regarding the accuracy of the burden estimate and any suggestions for reducing the burden to: Information Collections Management, Department of Homeland Security, Federal Emergency Management Agency, 500 C Street, SW., Washington, DC 20472-3100, Paperwork Reduction Project (1660-NEW).

Introduction

The Instruments for this collection include surveys, cognitive interviews, and focus groups. The primary purpose of the collection is post-disaster survivor research to inform and improve preparedness strategies for more effective response and recovery for the public, particularly for historically underserved socio-demographic populations that are impacted by disasters.

The collection is designed to provide the capacity to field research rapidly post disaster to collect survivor attitudes, actions, experiences during the early recovery timeframe for future disasters. In order to provide the flexibility to apply the instruments to multiple disasters and hazard types, the instruments are constructed with a set of optional questions for potential selection within the approved burden for each instrument. The optional questions are included in the survey instrument below and intended as optional questions for all three instruments.

I. SURVEY

Burden: Public reporting burden for this survey is estimated to average 15 minutes per response. A bank of questions is provided as the base for selecting options that address a particular disaster and population focus and meet the burden requirements not to exceed 15 minutes.

SECTION I. INTRODUCTION

II. Focus Groups

Burden: Public reporting burden for the focus groups will be 90 minutes per focus group participant. The bank of questions in the survey instrument, and the sample instruments below in the moderator guides, are provided as the base for selecting options that address a particular disaster and population focus and meet the burden requirements not to exceed 90 minutes.

Screener-Focus group

Example: Hurricane and Flooding Focus Groups

Recruit/Screener

Sample Selection

- A total of 12 participants should be recruited for each group. 8-10 participants will be required for each group.
- The objective is to obtain individuals who experienced the effects of hurricanes and/or flooding.
- As desired, participants could be recruited from the following targeted groups:
 - Socio-economically disadvantaged
 - Racially disadvantaged
 - Sex and gender
 - Tribal populations
- Participants will be from the closely surrounding counties of [impact area]
- Only one participant per household.

INTRODUCTION

Hello, my name is _____ and I am calling from the Research Company on behalf of the Federal Emergency Management Agency (FEMA). We are interested in talking to groups of individuals who were recently impacted by [IMPACT NAME].

The purpose of these groups is to gather insights to help the U.S. Government better understand how best to serve the public before, during and after a natural disaster. This is a unique opportunity to make a valuable contribution to your community and the Nation.

1. The discussion groups will be held at a professional market research facility in your community.

INTERVIEWER

1. May I ask you a few questions to see if you qualify for our focus groups?

- 01 YES (Continue)
- 02 NO (Thank and terminate)

2. Gender: [NOTE: IF TARGETING SPECIFIC GENDER MIX, RECRUIT BY THAT QUOTA]

- 1 Female (RECRUIT A MIX FOR ALL GROUPS)
- 2 Male (RECRUIT A MIX FOR ALL GROUPS)

3. Were you in the area [DATE] in the days before [DISASTER NAME]?

- 1 YES (**Continue to Q4**)
- 2 NO (**THANK AND TERMINATE**)

4. Were you impacted by [DISASTER NAME]?

- 1 YES (**Continue to Q4**)
- 2 NO (**THANK AND TERMINATE**)

5. Have you ever attended a group discussion for market research purposes?

- 01 Yes—**go to item 5b below**
- 02 No—**Continue to #6**

6. How many group discussions have you attended in the past 12 months?

1.1.1...1.1.1.1 **RECORD #** _____

IF MORE THAN 3, THANK AND TERMINATE

6. On a scale of 1 to 6, where “1” is “Very Uncomfortable” and “6” is “Very Comfortable,” how comfortable do you feel expressing your opinion in a group with 8 or 9 other people?

VERY UNCOMFORTABLE

VERY COMFORTABLE

1 2 3 4 5 6

MUST ANSWER 4, 5, OR 6

And to ensure we have a range of perspectives, I'd like to ask you some demographic questions.

1. Do you have e-mail address we can also use to contact you? If YES, record address below.

E-MAIL: _____

A. Group 1 - Perceptions, Preparedness and Warnings: Effect on Actions Taken

Moderator Guide

I. Introduction and Ground Rules

A. Ground Rules

- Thank you for taking time out of your schedules.
- Group will last 90 minutes.
- No right or wrong answers—goal is to hear a variety of viewpoints, not to reach consensus.
- Comments are private; Audio/Video taping; Listeners.
- Speak as loudly as moderator; Speak one at a time;
- Warning to talkative and quiet people—everyone gets a chance to speak.
- Feel free to talk to each other, disagree/agree, but observe common courtesy.

B. Introductions/Warm-up

Let's have each of you introduce yourselves by saying your first name only, where you live, and something you like about where you live.

Next, please tell the group which disaster you survived and the type of damage you sustained.

II. Attitudes and Knowledge

C. Attitudes/Perceptions

1. Prior to the disaster (include disaster name and type e.g. hurricane hitting land), what were your perceptions of risk?
 - [PROMPT: low - wouldn't hit my area, no mandatory evacuation; high - prepared to evacuate/protect my home]
2. How would you say this [disaster name and type e.g. hurricane] has affected your community?

D. Awareness

3. Thinking back, what was your experience with warnings prior to the [disaster e.g. hurricane]
 - [PROMPT: from where (TV, Radio, Social Media, Friend, Siren)]
 - [PROMPT: frequency and timing (15 minutes in advance, 24 hours how far in advance)]
 - [PROMPT: actions being recommended (evacuate, best routes, shelter locations)]
 - [PROMPT: how did they alter your actions]
 - [PROMPT: clarity, relevance to your situation, acceptance, accuracy]

E. Knowledge

[MODERATOR: Provide all participants a piece of paper.]

4. I'd like everyone to write down as many ideas as possible that come to mind when you hear the phrase 'actions to take prior to a [hazard type e.g. hurricane] to be prepared'" [pause for a minute for people to write]. Now let's go around and share what came to mind.

III. Actions, Barriers, and Motivators

F. Actions taken

5. If you could point to one or two things you did before the [hazard type e.g. hurricane] that helped you prepare, what would you point to?
6. What is the top thing you wish you had known or done that would have helped?
7. What was your experience with evacuation in the [hazard type e.g. hurricane]?
 - [PROMPT: Mandatory or Advisory?, How did you hear?, Did you stay?]

G. Barriers to action

8. What prevented you from taking additional actions to prepare?
 - [PROMPT: time, funding, transportation, lack of information in my language, neighbors were not preparing, disabled, age]
9. What prevented you from evacuating?
 - [PROMPT: didn't have anywhere to go, didn't have transportation to leave, concerned about my pet, wasn't under mandatory evacuation, authorities advised shelter rather than evacuation]

H. Motivation

10. What would motivate you to prepare for a future [disaster type e.g. hurricane]?

IV. Self-efficacy, Messengers, and Conclusion

I. Self-efficacy

11. Describe how confident you are that you are prepared for a future [disaster type e.g. hurricane]?
12. What might make it easier for you to prepare for a future [disaster type e.g. hurricane]? Are there any helpful tools we could provide?
 - [PROMPTS: improved communication, online guides, community peer groups, FAQs, partnerships]
13. After the hurricane, what type of help did you receive? From whom?
 - [PROMPT: family/friends, NGO/faith community, emergency personnel, local/state/federal government]

J. Messages/Messengers

14. What advice would you give others about preparing for a future [disaster type e.g. hurricane]?
15. Who do you trust for accurate information about preparing for a future [disaster type e.g. hurricane]?

K. Conclusion

16. Thank you for your time. Is there anything that we have missed in this discussion? Is there anything you might like to add that we haven't already covered?

B. Group 2 - Comparing Hazard Types - Sample for Hurricane and Flood Moderator Guide

Introduction and Ground Rules

A. Ground Rules

- Thank you for taking time out of your schedules.
- Group will last 90 minutes.
- No right or wrong answers—goal is to hear a variety of viewpoints, not to reach consensus.
- Comments are private; Audio/Video taping; Listeners.
- Speak as loudly as moderator; Speak one at a time;
- Warning to talkative and quiet people—everyone gets a chance to speak.
- Feel free to talk to each other, disagree/agree, but observe common courtesy.

B. Introductions/Warm-up

Let's have each of you introduce yourselves by saying your first name only, where you live, and something you like about where you live.

Tell the group about the type of damage you sustained.

II. Attitudes and Knowledge

C. Attitudes/Perceptions

2. Prior to [disaster type or impact e.g. flooding], what were your perceptions of risk?
 - [PROMPT: low - not in floodplain, wouldn't hit my area, no mandatory evacuation; high - prepared to evacuate/protect my home due to location or other hazard factors]
3. How would you say the [disaster type e.g. flooding] has affected your community?

D. Awareness

4. Thinking back, what was your experience with warnings prior to [disaster e.g. flooding]?
 - [PROMPT: from where (TV, Radio, Social Media, Friend, Siren)]
 - [PROMPT: frequency and timing (15 minutes in advance, 24 hours how far in advance)]
 - [PROMPT: actions being recommended (evacuate, best routes, shelter locations)]
 - [PROMPT: how did they alter your actions]
 - [PROMPT: clarity, relevance to your situation, acceptance, accuracy]

E. Knowledge

5. Provide all participants a piece of paper. Then say "I'd like everyone to write down as many ideas as possible that come to mind when you hear the phrase 'actions to take

prior to [disaster type e.g. flooding] to be prepared” [pause for a minute for people to write]. Now let’s go around and share what came to mind.

III. Actions, Barriers, and Motivators

F. Actions taken

6. If you could point to one or two things you did before [disaster type e.g. flooding] that helped you prepare, what would you point to?
 - [PROMPT: insurance, save critical documents, store clean water, plan for shelter or evacuation, sand bags, crank radio, tools]
7. What is the top thing you wish you had known or done that would have helped?
8. What was your experience with evacuation [during the disaster e.g. while flooded]?
 - [PROMPT: Mandatory, How did you hear?, Did you stay?]

G. Barriers to action

9. What prevented you from taking additional actions to prepare?
 - [PROMPT: time, funding, transportation, lack of information in my language, neighbors were not preparing, disability, age]
10. What prevented you from evacuating?
 - [PROMPT: didn't have anywhere to go, didn't have transportation to leave, concerned about my pet, wasn't under mandatory evacuation]

H. Motivation

11. What would motivate you to prepare for future [disaster type e.g. flooding]?

IV. Self-efficacy, Messengers, and Conclusion

I. Self-efficacy

12. Describe how confident you are that you are prepared for future [disaster type e.g. flooding]?

17. Thank you for your time. Is there anything that we have missed in this discussion? Is there anything you might like to add that we haven’t already covered?

III. Cognitive Interviews

Burden: Public reporting burden for the cognitive interviews will be up to 45 minutes per interview participant. The bank of questions in the survey instrument, and the sample instruments below, are provided as the base for selecting options that address a particular disaster and population focus and meet the burden requirements not to exceed 45 minutes. Participants will be screened for qualification and scheduling prior to the interview.

Screener-Interviews

Example: Hurricane and Flooding Interviews

Recruit/Screenener

Sample Selection

- A total of 20 participants should be recruited for interviews
- The objective is to obtain individuals who experienced the effects of hurricanes and/or flooding.
- As desired, participants could be recruited from the following targeted groups:
 - Those with access and functional needs,
 - Parents of elementary school-aged children,
 - Seniors 75 years old and older,
- Participants will be from the closely surrounding counties of [impact area]
- Only one participant per household.
