**Subject:** Discontinuing ICR: Voluntary Aluminum Industrial Partnership (VAIP)

**From:** Pamela Franklin, Chief, Non-CO<sub>2</sub> Programs Branch  
Climate Change Division (CCD)  
Office of Air and Radiation (OAR)

**To:** Courtney Kerwin, Director  
Regulatory Support Division  
Office of Environmental Information

The Non-CO<sub>2</sub> Programs Branch in OAR has decided to discontinue the Information Collection Request (ICR) entitled Voluntary Aluminum Industrial Partnership (VAIP) (OMB control number 2060-0411; EPA ICR Number 1867.07). This ICR is no longer necessary because active implementation of this voluntary partnership program has ended, and therefore the collection of this voluntary data is no longer needed.

I therefore recommend OEI submit a discontinuation request to OMB's Office of Information and Regulatory Affairs with a requested effective date immediately upon approval.

For additional information, please contact me at [franklin.pamela@epa.gov](mailto:franklin.pamela@epa.gov) or 202-343-9476.
