

<u>SAWG Advisory Working Group</u>	
	Opening, introduction of panel, process way forward
	Questions
	<p>1. Can you describe any experiences and skills you would bring to the Group to address Army survivor issues impacting Families worldwide?</p>
	<p>2. This program requires an understanding of being able to read, evaluate and interpret Army policies. Examples would be TRICARE, Survivor Benefit Plan, and so on. Describe a current quality of life issue affecting Army survivors worldwide that you would recommend the Army address to enhance services for that community?</p>
	<p>3. Describe a situation where in the past you provided guidance, recommendations, or direction to an individual. How did you approach that person? How did the conversation, discussion go?</p>
	<p>4. How would you handle a situation in which the Army has deemed an issue as unattainable? If you did not agree with the recommendation, how would you address the issue at the meeting?</p>
	<p>5. Is there anything else you would like to tell us before we end the call?</p>
