| SUBJECT: | OPA/DMDC Review of: Health Status Evaluation of an Infantry Battalion Following Deployment in Support of Operation Iraqi Freedom |

As requested, we have reviewed "Health Status Evaluation of an Infantry Battalion Following Deployment in Support of Operation Iraqi Freedom" and supporting materials as part of the OMB submission process through WHS/OIM. The concerns raised in our review have been adequately addressed. Our recommendation to WHS/OIM is that that the study protocol and the data collection materials are sufficiently designed and developed in order to be sent forward as required to obtain OMB clearance for a Public Information Collection.

The point of contact for this review is Dr. Paul Rosenfeld, 571-372-0987, paul.rosenfeld.civ@mail.mil.
