## ATTACHMENT 17: COMMUNITY SERVICE PROVIDER SURVEY

5/29/2012

OMB Control No:	
Expiration Date:	_

## **Community Service Providers Survey - Baseline**

## Nominated by the Participating Home Visiting Program

The U.S. Department of Health and Human Services has contracted with MDRC to evaluate the federal Maternal, Infant and Early Childhood Home Visiting (MIECHV) Program.

The Mother and Infant Home Visiting Program Evaluation (MIHOPE) is designed to build knowledge for policymakers and practitioners about the effectiveness of MIECHV.

Your answers will be kept confidential. Only the research team will have access to this information. Your answers will not be shared with anyone at your program or any other agencies. In our research reports, the information you provide will not be attributed by name to you or your individual program.

One objective of MIHOPE is to learn about the availability of community services and the coordination between home visiting programs and community service providers.

We have contacted you because [HV PROGRAM SITE] nominated your program as one to which it refers families for [SERVICE]. We are requesting that you complete this questionnaire to help us describe service availability and coordination from the perspective of your agency.

- The questionnaire should take about 6 minutes to complete.
- If you are unsure how to answer a question, please give the best answer you can rather than leaving it blank.
- In this questionnaire the term "program" means a specific set of services offered within your agency, and the term "agency" means an organization that may offer one or more programs.
- We would appreciate your response by 5 p.m. on DD/MM/YYYY.
- If you have questions at any time during the study, please call Alexander Vazquez at MDRC toll-free at 1-877-311-6372 or email Alexander.vazquez@mdrc.org.
