

Paperwork Reduction Act Statement

This information collection is authorized by the Science Application for Risk Reduction division of the U.S. Geological Survey. Your response is voluntary. We estimate it will take approximately 10 minutes to prepare and submit the response.

In accordance with the Paperwork Reduction Act (44 USC 3501), an agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid Office of Management and Budget control number. OMB has reviewed and approved this information collection and assigned OMB Control Number 1090-0011 (Expires 8/31/2018). You may submit comments on any aspect of this information collection, including the accuracy of the estimated burden hours and suggestions to reduce this burden. Send your comments to: Information Collections Clearance Officer, US Geological Survey, 12201 Sunrise Valley Dr, Reston, VA 20192 or to gs-info_collections@usgs.gov.

USGS SCIENCE APPLICATION FOR RISK REDUCTION (SAFRR) “HAYWIRED: AN ECONOMIC DISASTER?” EVALUATION FORM

We are conducting a short survey to obtain feedback about your recent participation in _____ Webinar. The questions are designed to glean information about what you believe to be the value of the workshop to you and to your organization, knowledge or awareness of economic impacts from a Hayward earthquake threat, and idea for potential future workshops. Your personal identity and organizational affiliation will not be associated with your individual responses or revealed in reporting and only the evaluation team (at the Hazards Center) will have access to the raw data. Your participation is voluntary. If there are any questions you prefer not to answer, simply skip them. This survey should take about 10 minutes to complete.
