Privacy Act Statement

Authority: We are collecting this information under the authority of the Science and Engineering Equal Opportunity Act of 1980 (Public Law 96-516: 42 USC 1885a and b).

Purpose: The information collected will be used by the National Science Foundation to determine if the outreach activities of the NSF Ice Core Facility are effective in educating a diverse cross-section of the public.

Disclosure is Voluntary: If the individual doesn't furnish the requested information, there will be no adverse impacts to the individual. However, if the NSF-ICF is unable to consistently demonstrate that it is reaching diverse audiences, we may be required to suspend tours.

Routine Uses: The anonymous demographic information requested will be shared with the National Science Foundation.

Paperwork Reduction Act Statement

The Paperwork Reduction Act of 1995 (44 USC 3501 *et. seq.*) requires us to inform you that this information is being collected to determine if the outreach activities of the NSF Ice Core Facility are reaching a diverse cross-section of the public, and are effective in educating this population. Response to this request is voluntary. Public reporting for this form is estimated to average 4 minutes per response, including the time for reviewing instructions and completing the form. A Federal agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a valid OMB Control Number. Comments regarding this collection of information should be directed to: Bureau Clearance Officer, U.S. Geological Survey, gs_info-collections@usgs.gov.
