Star rating ( 5 stars)

Add the ability to select multiple activities in the Explore menu (e.g. camping & hiking) at once

Add the ability to change offline basemaps (e.g. satellite, streetview, topo etc)?

Add the ability to bookmark my favorite areas, to include having the app open to my current location or one of my favorite areas

Improve the capabilities of sharing my location with family and friends so they know where I am or where I've been

Keep it simple and improve what you have right now (don't add anything new).
