Sample Response to Federal Cost Question: "If we receive 20 submissions and it takes 30 minutes to process and implement each one, then the total burden is \$322.40 assuming a GS-7 step 5 is processing the submissions. Please note, however, that this custom form is a tool meant to accept submissions in a standard format rather than through the freeform submissions that would otherwise come in by personal email. Thus the existence of this form actually saves the government money by standardizing submissions and decreasing the workload of processing each one."
