

Trust REIT or one of its employer affiliates, and to authorized employees and representatives of the Department and the Internal Revenue Service. EBSA submitted an ICR for the information collections in PTE 2004–07 to the Office of Management and Budget (OMB) for review and clearance in connection with proposal of the class exemption, which was published in the **Federal Register** on June 3, 2003 (68 FR 33185). The ICR was approved by OMB under OMB Control Number 1210–0124 and is scheduled to expire on December 31, 2018.

Agency: Employee Benefits Security Administration, Department of Labor.

Title: Abandoned Individual Account Plan Termination.

Type of Review: Extension of a currently approved collection of information.

OMB Number: 1210–0127.

Affected Public: Businesses or other for-profits.

Respondents: 26,700.

Responses: 1,308,000.

Estimated Total Burden Hours: 47,700.

Estimated Total Burden Cost (Operating and Maintenance): \$689,000.

Description: The abandoned plan initiative includes the following actions, which impose the following information collections:

1. **Qualified Termination Administrator (QTA) Regulation:** The QTA regulation creates an orderly and efficient process by which a financial institution that holds the assets of a plan that is deemed to have been abandoned may undertake to terminate the plan and distribute its assets to participants and beneficiaries holding accounts under the plan, with protections and approval of the Department under the standards of the regulation. The regulation requires the QTA to provide certain notices to the Department, to participants and beneficiaries, and to the plan sponsor (or service providers to the plan, if necessary), and to keep certain records pertaining to the termination.

2. **Abandoned Plan Terminal Report Regulation:** The terminal report regulation provides an alternative, simplified method for a QTA to satisfy the annual report requirement otherwise applicable to a terminating plan by filing a special simplified terminal report with the Department after terminating an abandoned plan and distributing the remaining assets in the individual account plans to participants and beneficiaries.

3. **Terminated Plan Distribution Regulation:** The terminated plan

distribution regulation establishes a safe harbor method by which fiduciaries who are terminating individual account pension plans (whether abandoned or not) may select an investment vehicle to receive account balances distributed from the terminated plan when the participant has failed to provide investment instructions. The regulation requires the fiduciaries to provide advance notice to participants and beneficiaries of how such distributions will be invested, if no other investment instructions are provided.

4. **Abandoned Plan Class Exemption:** The exemption permits a QTA that terminates an abandoned plan under the QTA regulation to receive payment for its services from the abandoned plan and to distribute the account balance of a participant who has failed to provide investment direction into an individual retirement account (IRA) maintained by the QTA or an affiliate. Without the exemption, financial institutions would be unable to receive payment for services rendered out of plan assets without violating ERISA's prohibited transaction provisions and would therefore be highly unlikely to undertake the termination of abandoned plans. The exemption includes the condition that the QTA keep records of the distributions for a period of six years and make such records available on request to interested persons (including the Department and participants and beneficiaries). If a QTA wishes to be paid out of plan assets for services provided prior to becoming a QTA, the exemption requires that the QTA enter into a written agreement with a plan fiduciary or the plan sponsor prior to receiving payment and that a copy of the agreement be provided to the Department.

5. **PTE 2004–16 (Automatic Rollover Exemption):** Also included in this ICR are the notice and recordkeeping requirements contained in PTE 2004–16, which permits a pension plan fiduciary that is a financial institution and is also the employer maintaining an individual account pension plan for its employees to establish, on behalf of its separated employees, an IRA at a financial institution that is either the employer or an affiliate, which IRA would receive mandatory distributions that the fiduciary "rolls over" from the plan when an employee terminates employment.

Because all of these regulations and exemptions relate to terminating or abandoned plans and/or to distribution and rollover of distributed benefits for which no participant investment election has been made, the Department has combined the paperwork burden for

all of these actions into one ICR. In the Department's view, this combination allows the public to have a better understanding of the aggregate burden imposed on the public for these related regulatory actions. The ICR was approved by OMB under OMB Control Number 1210–0127 and is scheduled to expire on December 31, 2018.

I. Focus of Comments

The Department is particularly interested in comments that:

- Evaluate whether the collections of information are necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

- Evaluate the accuracy of the agency's estimate of the collections of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and

- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., by permitting electronic submissions of responses.

Comments submitted in response to this notice will be summarized and/or included in the ICRs for OMB approval of the extension of the information collection; they will also become a matter of public record.

Joseph Piacentini,

*Director, Office of Policy and Research,
Employee Benefits Security Administration.*

BILLING CODE 4510–29–P

DEPARTMENT OF LABOR

Occupational Safety and Health Administration

[Docket No. OSHA–2011–0190]

Shipyards Employment Standards; Extension of the Office of Management and Budget's (OMB) Approval of Information Collection (Paperwork) Requirements

AGENCY: Occupational Safety and Health Administration (OSHA), Labor.

ACTION: Request for public comments.

SUMMARY: OSHA solicits public comments concerning its proposal to extend OMB approval of the information collection requirements contained in the Shipyard Employment Standards of Subpart G—Gear and

Equipment for Rigging and Materials Handling and Subpart K—Portable, Unfired Pressure Vessels, Drums and Containers, Other than Ship's Equipment. The purpose of the collection of information (paperwork) provisions of the Standards is to reduce workers' risk of death or serious injury by ensuring that equipment has been tested and is in safe operating condition.

DATES: Comments must be submitted (postmarked, sent, or received) by June 11, 2018.

ADDRESSES:

Electronically: You may submit comments and attachments electronically at <http://www.regulations.gov>, which is the Federal eRulemaking Portal. Follow the instructions online for submitting comments.

Facsimile: If your comments, including attachments, are not longer than 10 pages you may fax them to the OSHA Docket Office at (202) 693-1648.

Mail, hand delivery, express mail, messenger, or courier service: When using this method, you must submit a copy of your comments and attachments to the OSHA Docket Office, Docket No. OSHA-2011-0190, Occupational Safety and Health Administration, U.S. Department of Labor, Room N-2625, 200 Constitution Avenue NW, Washington, DC 20210. Deliveries (hand, express mail, messenger, and courier service) are accepted during the Department of Labor's and Docket Office's normal business hours, 10:00 a.m. to 3:00 p.m., ET.

Instructions: All submissions must include the Agency name and the OSHA docket number (OSHA-2011-0190) for the Information Collection Request (ICR). All comments, including any personal information you provide, are placed in the public docket without change and may be made available online at <http://www.regulations.gov>. For further information on submitting comments, see the "Public Participation" heading in the section of this notice titled **SUPPLEMENTARY INFORMATION**.

Docket: To read or download comments or other material in the docket, go to <http://www.regulations.gov> or the OSHA Docket Office at the address above. All documents in the docket (including this **Federal Register** notice) are listed in the <http://www.regulations.gov> index; however, some information (e.g., copyrighted material) is not publicly available to read or download from the website. All submissions, including copyrighted material, are available for inspection and copying at the OSHA Docket Office.

You may also contact Theda Kenney at the number below to obtain a copy of the ICR.

FOR FURTHER INFORMATION CONTACT: Charles McCormick or Theda Kenney, Directorate of Standards and Guidance, OSHA, U.S. Department of Labor, Telephone (202) 693-2222.

SUPPLEMENTARY INFORMATION:

I. Background

The Department of Labor, as part of its continuing effort to reduce paperwork and respondent (*i.e.*, employer) burden, conducts a preclearance consultation program to provide the public with an opportunity to comment on proposed and continuing information collection requirements in accordance with the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3506(c)(2)(A)).

This program ensures that information is in the desired format, reporting burden (time and costs) is minimal, collection instruments are clearly understood, and OSHA's estimate of the information collection burden is accurate. The Occupational Safety and Health Act of 1970 (the OSH Act) (29 U.S.C. 651 *et seq.*) authorizes information collection by employers as necessary or appropriate for enforcement of the OSH Act or for developing information regarding the causes and prevention of occupational injuries, illnesses, and accidents (29 U.S.C. 657). The OSH Act also requires that OSHA obtain such information with minimum burden upon employers, especially those operating small businesses, and to reduce to the maximum extent feasible unnecessary duplication of efforts in obtaining information (29 U.S.C. 657).

Manila rope and manila-rope slings (paragraph 1915.112(a)(1))—The employer must ensure that manila rope and manila-rope slings have permanently affixed and legible identification markings as prescribed by the manufacturer that indicate the recommended safe working load for the type(s) of hitch(es) used, the angle upon which it is based, and the number of legs if more than one.

Wire rope and wire-rope slings (paragraph 1915.112(b)(1)(i))—The employer must ensure that wire rope and wire-rope slings have permanently affixed and legible identification markings as prescribed by the manufacturer that indicate the recommended safe working load for the type(s) of hitch(es) used, the angle upon which it is based, and the number of legs if more than one.

Chain and chain slings (paragraph 1915.112(c)(1)(i))—The employer must

ensure that chain and chain slings have permanently affixed and legible identification markings as prescribed by the manufacturer that indicate the recommended safe working load for the type(s) of hitch(es) used, the angle upon which it is based, and the number of legs if more than one.

Chain and chain slings (paragraph 1915.112(c)(2))—The employer shall visually inspect all chain slings, including end fastenings, before being used on the job, as well as every three months. The employer shall inspect for wear, defective welds, deformation and an increase in length or stretch. Each chain shall bear an indication of the month in which it was thoroughly inspected.

Shackles (paragraph 1915.113(a)(1))—The employer must ensure that shackles have permanently affixed and legible identification markings as prescribed by the manufacturer that indicate the recommended safe working load.

Test records for hooks (paragraph 1915.113(b)(1))—This paragraph requires that the manufacturer's recommendations be followed in determining the safe working loads of the various sizes and types of hooks. If the manufacturer's recommendations are not available, the hook must be tested to twice the intended safe working load before it is initially put into use. The employer must maintain and keep readily available a certification record which includes the date of such test, the signature of the person who performed the test, and an identifier for the hook which was tested.

The records are used to ensure that equipment has been properly tested. The records also provide the most efficient means for the compliance officers to determine that an employer is complying with the Standard.

Chain falls and pull-lifts (paragraph 1915.114(a))—The employer must ensure that all chain falls and pull-lifts are clearly marked to show the capacity and the capacity must not be exceeded.

Mobile crawler or truck cranes used on a vessel (paragraph 1915.115(c))—This paragraph requires that the maximum manufacturer's rated safe working loads for the various working radii of the boom and the maximum and minimum radii at which the boom may be safely used with and without outriggers, shall be conspicuously posted near the controls and shall be visible to the operator.

General precautions (paragraph 1915.131(g))—The employer must ensure that all headers, manifolds and widely spaced hose connections on compressed air lines bear the word "air"

in letters at least 1-inch high, which must be painted either on the manifolds or separate hose connections, or on signs permanently attached to the manifolds or connections. Grouped air connections may be marked in one location.

Examination and test records for unfired pressure vessels (paragraphs 1915.172(b) and (d))—Paragraph (b) requires that portable, unfired pressure vessels not built to the requirements of the American Society of Mechanical Engineers Boiler and Pressure Vessel Code, Section VIII, Rules for Construction of Unfired Pressure Vessels, 1963 be examined *quarterly* by a competent person, and subjected to a *yearly* hydrostatic pressure test as defined by paragraph (b). A certification record of such examinations and tests shall be maintained as specified in paragraph (d).

II. Special Issues for Comment

OSHA has a particular interest in comments on the following issues:

- Whether the proposed information collection requirements are necessary for the proper performance of the Agency's functions, including whether the information is useful;
- The accuracy of OSHA's estimate of the burden (time and costs) of the information collection requirements, including the validity of the methodology and assumptions used;
- The quality, utility, and clarity of the information collected; and
- Ways to minimize the burden on employers who must comply; for example, by using automated or other technological information collection and transmission techniques.

III. Proposed Actions

OSHA is requesting an adjustment increase in the existing burden hour estimate for the collection of information requirements specified by the Standards from 9,773 hours to 11,813 hours, a total increase of 2,040 hours. This increase is due to an increase in the number of establishments using this equipment. In this ICR, the scope of the maritime standards in 29 CFR part 1915 for slings, shackles, and hooks are based on the Final Economic Analysis for the Final Rule revising 29 CFR part 1915, subpart F prepared by OSHA's Office of Regulatory Analysis. As a result of the Final Rule, the revision of the standard applies to all shipyard employment which is defined in § 1915.4(i) as ship repairing, shipbuilding, shipbreaking, and related employment. Also, upon further analysis, the Agency identified two new collections of information

contained in the Standard under paragraphs §§ 1915.112(c)(2) and 1915.115(c)(1). The Agency will summarize any comments submitted in response to this notice and will include this summary in its request to OMB.

Type of Review: Extension of a currently approved collection.

Title: Shipyard Employment Standards (29 CFR part 1915).

OMB Number: 1218–0220.

Affected Public: Business or other for-profits; Not-for-profit organizations; Federal Government; State, Local, or Tribal Government.

Number of Respondents: 4,871.

Frequency of Response: On occasion.

Average Time per Response: Various.

Estimated Total Burden Hours: 11,813.

Estimated Cost (Operation and Maintenance): \$0.

IV. Public Participation—Submission of Comments on This Notice and Internet Access to Comments and Submissions

You may submit comments in response to this document as follows: (1) Electronically at <http://www.regulations.gov>, which is the Federal eRulemaking Portal; (2) by facsimile (fax); or (3) by hard copy. All comments, attachments, and other material must identify the Agency name and the OSHA docket number for the ICR (Docket No. OSHA–2011–0190). You may supplement electronic submissions by uploading document files electronically. If you wish to mail additional materials in reference to an electronic or facsimile submission, you must submit them to the OSHA Docket Office (see the section of this notice titled **ADDRESSES**). The additional materials must clearly identify your electronic comments by your name, date, and the docket number, so the Agency can attach them to your comments.

Because of security procedures, the use of regular mail may cause a significant delay in the receipt of comments. For information about security procedures concerning the delivery of materials by hand, express delivery, messenger, or courier service, please contact the OSHA Docket Office at (202) 693–2350, (TTY) (877) 889–5627).

Comments and submissions are posted without change at <http://www.regulations.gov>. Therefore, OSHA cautions commenters about submitting personal information, such as social security numbers and dates of birth. Although all submissions are listed in the <http://www.regulations.gov> index, some information (e.g., copyrighted

material) is not publicly available to read or download from this website.

All submissions, including copyrighted material, are available for inspection and copying at the OSHA Docket Office. Information on using the <http://www.regulations.gov> website to submit comments and access the docket is available at the website's "User Tips" link. Contact the OSHA Docket Office for information about materials not available from the website, and for assistance in using the internet to locate docket submissions.

V. Authority and Signature

Loren Sweatt, Deputy Assistant Secretary of Labor for Occupational Safety and Health, directed the preparation of this notice. The authority for this notice is the Paperwork Reduction Act of 1995 (44 U.S.C. 3506 *et seq.*) and Secretary of Labor's Order No. 1–2012 (77 FR 3912).

Signed at Washington, DC, on April 5, 2018.

Loren Sweatt,

Deputy Assistant Secretary of Labor for Occupational Safety and Health.

BILLING CODE 4510–26–P

THE NATIONAL FOUNDATION ON THE ARTS AND THE HUMANITIES

Institute of Museum and Library Services

Notice of Proposed Information Collection Requests: 2019–2021 IMLS Native Hawaiian Library Program Notice of Funding Opportunity

AGENCY: Institute of Museum and Library Services, National Foundation on the Arts and the Humanities.

ACTION: Notice, request for comments on this collection of information.

SUMMARY: The Institute of Museum and Library Services (IMLS), as part of its continuing effort to reduce paperwork and respondent burden, conducts a pre-clearance consultation program to provide the general public and federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act. This pre-clearance consultation program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. By this notice,
