INTRODUCTION SCREEN 2

Your organization is the recipient of a [PRE-FILL BASED ON RESPONDENT ID NUMBER: TechHire or Strengthening Working Families (SWFI)] grant through the Employment and Training Administration (ETA) of the U.S. Department of Labor (DOL). DOL is sponsoring a national evaluation, which is being conducted by Westat and MDRC. This evaluation is studying all grantees across the country and examining the strategies they use to help youth and young adults gain employment in and advance in H-1B industries and occupations.

As part of the evaluation, we are asking grantees to complete a survey to help us better understand the program. This survey should take about 1 hour to complete. The survey will ask questions about your grant program's goals, partnerships, design, and outcomes. ***It may be necessary or helpful to have the original grant application and any modifications and quarterly reports submitted to DOL on hand while completing the survey.*** There are no right and wrong answers, and your opinions and experiences are extremely important. The information that you provide to us will be used to improve other DOL/ETA grant programs in the future.

Your participation in this survey is mandatory as per your grant requirement. Your responses will be kept private. The information that you provide will not be shared with other staff at your organization. The information that you provide will be combined with information provided by other grantees and aggregated. Your name will not be listed in any reports, and your responses will not be attributed to you. Thank you in advance for your assistance in completing this survey and providing important information to the study.

The survey should be completed by the person in charge of managing the grant program at the lead grantee organization, likely the Program Director or Program Manager. Note that this survey can be filled out by multiple respondents if it is helpful to share this section with anyone in your organization who might have in-depth knowledge of particular grant-funded training/education programs. If you have any questions as you complete this questionnaire, please call 1-xxx-xxx-xxxx or email us at xxx@westat.com. Thank you in advance for your assistance completing this survey and providing important information to this study.
