

PRIVACY THRESHOLD ANALYSIS (PTA)

This form serves as the official determination by the DHS Privacy Office to identify the privacy compliance requirements for all Departmental uses of personally identifiable information (PII).

A Privacy Threshold Analysis (PTA) serves as the document used to identify information technology (IT) systems, information collections/forms, technologies, rulemakings, programs, information sharing arrangements, or pilot projects that involve PII and other activities that otherwise impact the privacy of individuals as determined by the Chief Privacy Officer, pursuant to Section 222 of the Homeland Security Act, and to assess whether there is a need for additional Privacy Compliance Documentation. A PTA includes a general description of the IT system, information collection, form, technology, rulemaking, program, pilot project, information sharing arrangement, or other Department activity and describes what PII is collected (and from whom) and how that information is used and managed.

Please complete the attached Privacy Threshold Analysis and submit it to your component Privacy Office. After review by your component Privacy Officer the PTA is sent to the Department's Senior Director for Privacy Compliance for action. If you do not have a component Privacy Office, please send the PTA to the DHS Privacy Office:

Senior Director, Privacy Compliance
The Privacy Office
U.S. Department of Homeland Security
Washington, DC 20528
Tel: 202-343-1717

PIA@hq.dhs.gov

Upon receipt from your component Privacy Office, the DHS Privacy Office will review this form and assess whether any privacy compliance documentation is required. If compliance documentation is required – such as Privacy Impact Assessment (PIA), System of Records Notice (SORN), Privacy Act Statement, or Computer Matching Agreement (CMA) – the DHS Privacy Office or component Privacy Office will send you a copy of the relevant compliance template to complete and return.

Specialized Template for Information Collections (IC) and Forms

The Forms-PTA is a specialized template for Information Collections and Forms. This specialized PTA must accompany all Information Collections submitted as part of the Paperwork Reduction Act process (any instrument for collection (form, survey, questionnaire, etc.) from ten or more members of the public). Components may use this PTA to assess internal, component-specific forms as well.

SPECIFIC IC/Forms PTA QUESTIONS

1. Purpose of the Information Collection or Form

This information is collected to identify prospective members, assess eligibility, and qualify candidates for service in the United States Coast Guard, and to manage, support, and enhance the Coast Guard’s enlisted and commissioned officer recruiting mission.

The Prospect Questionnaire is the basic initial questionnaire for all prospective members except those applying to the Coast Guard Academy. It allows for the initial eligibility assessment to occur.

14 USC 468 authorizes the United States Coast Guard to recruit personnel for military service. The information requested on the gocoastguard.com web site is collected in accordance with Section 503 of Title 10, United States Code, and may only be used to identify and process individuals interested in applying for enlistment or commission in the United States Coast Guard or Coast Guard Reserve. Other legal authorities include 10 USC 504, 1475-1480; 14 USC 211, 350, 632; HSPD-12; and Executive Order 9397.

MOUs between Military Entrance Processing Command (MEPCOM) and USCG define the PII requirements for processing USCG applicants.

Records are maintained at USCG Headquarters in Washington, DC and recruiting offices.

DHS Privacy Office Comments: <i>Please describe rationale for privacy compliance determination above.</i>	
<p>The DHS Privacy Office finds that the United States Coast Guard Prospect Questionnaire is a privacy sensitive collection, requiring both PIA and SORN coverage. The questionnaire collects a variety of personally identifiable information that is used to identify prospective members, assess eligibility, and qualify candidates for service in the United States Coast Guard, and to manage, support, and enhance the Coast Guard’s enlisted and commissioned officer recruiting mission. Information collected includes Name (last, first, middle), address (country, street, city, state, zip code), e-mail, phone number, how you heard of the Coast Guard, program and component of interest, citizen status and alien registration number (if applicable), Social Security and Selective Service Numbers, ethnicity and race, date of birth, age, gender, etc.</p> <p>The DHS Privacy Office finds that PIA coverage is provided by DHS/USCG/PIA-024 – Direct Access, which assesses the privacy risks associated with the Coast Guard’s use of PII in its Direct Access system to conduct human resources and payroll functions. SORN coverage is provided DHS/USCG-014 - Military Pay and Personnel System of Records Notice, which outlines the Coast Guard’s collection and maintenance of records in order to administer the USCG active duty, reserve, and retired active duty and retired reserve military pay and personnel system.</p>
