SUPPLEMENTARY INFORMATION: TSA published a **Federal Register** notice, with a 60-day comment period soliciting comments, of the following collection of information on December 12, 2017, 82 FR 58433.

Comments Invited

In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number. The ICR documentation will be available at <http://www.reginfo.gov> upon its submission to OMB. Therefore, in preparation for OMB review and approval of the following information collection, TSA is soliciting comments to—

- (1) Evaluate whether the proposed information requirement is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- (2) Evaluate the accuracy of the agency's estimate of the burden;
- (3) Enhance the quality, utility, and clarity of the information to be collected; and
- (4) Minimize the burden of the collection of information on those who are to respond, including using appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Consistent with the requirements of Executive Order (E.O.) 13771, Reducing Regulation and Controlling Regulatory Costs, and E.O. 13777, Enforcing the Regulatory Reform Agenda, TSA is also requesting comments on the extent to which this request for information could be modified to reduce the burden on respondents.

Information Collection Requirement

Title: Crew Member Self-Defense Training—Registration and Evaluation.
Type of Request: Revision of a currently approved collection.

OMB Control Number: 1652–0028.

Forms(s): “Web enabled Registration Form”; “Injury Waiver Form”; “Attendance Roster”; “Electronic Feedback Tab.”

Affected Public: Flight and cabin crew members on passenger and cargo flights.

Abstract: TSA is seeking a revision of the ICR, currently approved under OMB control number 1652–0028, to continue compliance with a statutory mandate.

Under 49 U.S.C. 44918(b), TSA is required to develop and provide a voluntary advanced self-defense training program for flight and cabin crew members of U.S. air carriers providing scheduled passenger air transportation.

TSA currently collects biographical information from crew members to confirm their eligibility to participate in this training program and to confirm their attendance. TSA confirms the eligibility of the participant by contacting the participant's employer, and confirms attendance by comparing the registration information against a sign-in sheet provided in the classroom.

TSA is making a number of revisions to this ICR. First, TSA is changing the name of the collection from “Flight Crew Self-Defense Training-Registration and Evaluation” to “Crew Member Self-Defense Training-Registration and Evaluation.” Furthermore, TSA has expanded the program to allow voluntary participation by air carriers providing cargo air transportation. Also, TSA will no longer collect the last four digits of the SSN from crew members and will update the attendance roster to add a “training complete” column and remove the “Day 1–3” and “2nd ID #” columns. In addition, TSA will include an electronic Injury Waiver Form. Finally, TSA will replace the evaluation form with an electronic feedback tab.

Number of Respondents: 3,400.

Estimated Annual Burden Hours: An estimated 595 hours annually.

Dated: April 13, 2018.

Christina A. Walsh,

TSA Paperwork Reduction Act Officer, Office of Information Technology.
