

Electronic BC-170 & BC-171 Mock-Ups

Note about this document:

This document contains mock-ups of what the Census Job Portal could look like when electronic BC-170 and the BC-171 is programmed. It does not contain actual screen shots from a system that is being programmed. The Portal will collect the information from the BC-170 and BC-171 electronically. The Portal could have a different look and feel than the mock-ups. For example, items that use radio buttons in this mock-up may eventually be programmed using check boxes, placement of text could change, the logo used could change, etc.. The questions in the electronic version of the BC-170 and BC-171 will also be presented in a slightly different order than they are presented on the paper version of the form. However, the same data will be collected on both forms.

Also note, some items in the mock-ups appear to be filled in. This is for illustration purposes only.

The pages 2 to 7 of this mock-up are not part of the BC-170 or BC-171. They are lead in screens where the applicant will login and certify that they will use an electronic signature.
