The Authority for collecting the requested information resides in Executive Orders 10450, 11652 & 9397. The information is used in making security determinations, granting access to classified/PSD protected information and for making personnel management decisions. Routine uses include determining the scope and coverage of a personnel security investigation, checking investigative leads assuring completeness of the investigation, and providing evaluators and/or adjudicators with basic personal history information relevant to security and suitability. Information may be disclosed to and maintained by Government agencies and administrative personnel involved in processing security actions that evolve during the course of these determinations. When populated with data, this questionnaire becomes PII and must be encrypted prior to transmittal. The personal data collection will be transferred into an approved system of record, under an Authority to Operate, granted on 10 Jul 09, under federal register chronicle 78 FR 70543, 26 Nov 13, 79 FR 34299, 16 Jun 14 and maintained for up to 75 years.
