

## Understanding Sexual Health Messaging among Men who have Sex with Men Screener

Hello. Thank you for your interest in “the gay men’s sexual health evaluation.” My name is [name]. I am a Graduate Research Assistant at Georgia State University. We are conducting this evaluation to get feedback on a health communication effort to educate (or raise awareness with) gay and bisexual men about a germ. We are recruiting men to participate in a face-to-face focus group that will be held [insert location]. If you are eligible and choose to participate, you will receive \$40 gift card as a token of our appreciation for participating in the discussion.

To see if you are eligible to participate, we need to ask you some personal questions. It is your choice to answer these questions. Your answers will be kept private. You can refuse to answer a question or stop at any time.

If you are not eligible and/or choose not to be part of the focus group, all responses you give me today will be destroyed and you will not be contacted again.
