

# Screener for health care providers and diabetes educators (text and screenshots)

**Identification of Project:** Survey with diabetes educators, physicians, specialists, nurse practitioners, and physician assistants.

**Authority for Collecting Data:** Section 301 of the Public Health Service Act.

**Purpose:** The Centers for Disease Control and Prevention (CDC) is the sponsor of this project. FHI 360 is helping with this project. The purpose of the project is to find ways to increase awareness about and participation in diabetes self-management education and support (DSMES) services. What you share will help CDC and its partners better communicate and provide information about diabetes education services.

**Procedures:** We have asked you to participate in a survey. During the survey, you will be asked your thoughts, opinions, and ideas about DSMES. The survey will last about 10 minutes.

**Information Security:** There will be a written report based on the findings of the survey. We will keep your responses secure to the extent permitted by law. We will NOT put your name in the report.

**Risks:** Doing this survey should not place you at any greater risk than you would be at in your daily life.

**Benefits, Freedom to Withdraw, & Ability to Ask Questions:** This project is not designed to help you personally; however, it may benefit you in understanding some of the barriers to and benefits of referring patients to DSMES services. It is intended to help CDC understand how to communicate certain health-related information to different audiences. You do not have to answer questions that you do not want to answer. You may stop at any time. You will receive a {INSERT INCENTIVE AMOUNT HERE} as a thank you.
